

VOL. XL

STEVENS POINT, WIS., OCT. 31, 1917.

NO. 17

**LOCAL RAILROAD MEN  
MOVE UP ON LADDER****Series of Promotions Announced As  
Result of Impending Departure  
of Supt. Winter.**

Beginning Nov. 1 it will be "Superintendent Urbahns" on the entire Chicago division of the Minneapolis, St. Paul & Sault Ste. Marie railway, commonly known as the Soo line.

The status of Superintendent C. E. Urbahns of Stevens Point has not been changed, but the impending departure of Superintendent C. M. Winter of Fond du Lac, who is to go to Russia as a major in the engineering corps of the United States army, has resulted in the appointment of F. W. Urbahns of Chicago, a brother of Superintendent C. E. Urbahns, as superintendent of the southern district.

F. W. Urbahns is already in Fond du Lac familiarizing himself with the work, and his former position as assistant superintendent in charge of Soo line terminals at Chicago has been filled by the promotion of W. W. Wade, trainmaster at Stevens Point. Mr. Wade will in turn be succeeded by August H. Mann, chief dispatcher in the Stevens Point offices, and T. F. McCabe, night chief dispatcher, will take Mr. Mann's place. The other promotions are as follows: H. B. Brooks, trick dispatcher at Stevens Point, to night chief, and Anton T. Olson, operator in the local dispatchers' office, to trick dispatcher.

The changes do not become formally effective until tomorrow, but Mr. Wade left for Chicago Sunday night to start work. He will have offices in the Soo line freight depot in Chicago. Mr. Wade held the position of trainmaster six and a half years. Before becoming trainmaster he was a passenger conductor on the "old Soo."

August H. Mann, the new trainmaster, came to Stevens Point as chief dispatcher in April, 1911, about the same time that C. E. Urbahns became superintendent. Mr. Mann was previously, for a short time, chief dispatcher at Fond du Lac.

It is an interesting coincidence that C. E. Urbahns and F. W. Urbahns have both occupied the position of assistant superintendent in charge of terminals at Chicago and that both have now been promoted from that post to division superintendents. C. E. Urbahns held the Chicago position four years, going to that city from Fond du Lac, where he was chief dispatcher.

The changes that have been made are announced as for the duration of the war, or until the return of Superintendent Winter. Mr. Winter is expected to leave Fond du Lac tonight and will sail from San Francisco, early in November. Elmer J. Stimm, who recently began a leave of absence as trick dispatcher in the local Soo line offices, will be a member of the party with Mr. Winter. Mr. Stimm has been commissioned a second lieutenant.

Mr. Wade, the retiring trainmaster, does not expect to move his household goods from Stevens Point until next spring, at least. Mrs. Wade is at present in Philadelphia visiting her son, Carrol Scherf, who is in the naval training school there and is expected to leave for France soon.

The Stevens Point men who figure in the series of promotions are all men of thorough experience and excellent ability, and their good fortune brings no small amount of satisfaction to their many friends.

**SOLDIERS' COMMITTEE MEETS**

The Portage County Soldiers' Relief committee, consisting of H. H. Hoffman of Amherst Junction, chairman; George H. Altenburg of Stevens Point and Schuyler Whitaker of Buena Vista, held a meeting at the court house Monday. At that time the committee prepared its annual report for the county board of supervisors.

**CONFERENCE THIS EVENING**

The first quarterly conference of St. Paul's M. E. church will be held this evening, when Rev. T. D. Williams, superintendent of the Appleton district, will preside. The conference will follow the regular weekly prayer meeting, at which Mr. Williams will deliver an address.

**HERE'S PAIR OF LAUGHS**

In Other States They Still Think Portage County Spuds are Drug On Market

"I have read in the papers that potatoes can be purchased at Stevens Point for 50 cents a bushel. I wish you would get me five or six bushels."

This, in effect, is the contents of a letter received Monday by the First National bank of this city. Cashier J. W. Dunagan confessed that it tickled him, but he hastened to disillusion the Chicago man. He told him potatoes were selling on the local market at a dollar a bushel Monday and suggested that he call upon L. Starks, the "potato king," at Chicago, for further information.

Another prospective potato buyer came all the way from Pennsylvania Monday to buy up some Portage county spuds, which he had heard were so plentiful that the growers were ready to accept almost any price for them. He changed his mind on his arrival here and turned back to the Keystone state.

It is reported he had his pockets full of Pennsylvania coal to exchange for Portage county potatoes.

**JOIN POLISH ARMY**

Portage county has furnished several recruits for the Polish army being formed for service in France, two or three young men of Polish descent from Fancher and one from Amherst Junction having gone to Milwaukee recently to join the third contingent of Poles leaving that city. The contingent consisted of 71 volunteers. The contingent went to Camp Niagara, Canada, for training.

**NOTED LECTURER COMING**

Lecture to be Given at Normal Next Monday on Childhood of James Whitcomb Riley

The Normal Oratorical association has engaged A. W. Macy to deliver a lecture upon the childhood life of James Whitcomb Riley, the great Indiana poet, at the Normal Monday evening, Nov. 5. Mr. Macy was a childhood and lifelong friend of the poet and comes highly recommended.

Besides the lecture the evening's program will consist of singing under the direction of Miss Lenore Buchanan and readings by Miss Mary Bronson, who are of the Normal faculty. The students of the school will sing some of Riley's poems set to music. They are: "There Little Girl Don't Cry," "Just be Glad" and "The Prayer Perfect." The readings, by Miss Bronson, will be: "The Funny Little Fellow" and "Fame."

The students will be admitted on their oratorical tickets, but the public will be charged a small admission fee.

**INTEREST ON INCREASE.**

The ladies who are in charge of the Red Cross rooms at the library are delighted at the increased interest manifested in the work. Many workers are present each afternoon and on Monday, when the weather was especially unpleasant, there was an unusual number as an illustration of the common interest in this work, this example is cited: A lady who was staying at a hotel for only a day or two, stepped into the Red Cross rooms to get some yarn. On Monday she returned a sweater she had knit, sending it here from Eau Claire.

**PLAN FINE BUILDING**

Tanner Buick Co. to Build Modern Garage in 1918—Occupy Temporary Quarters

One of the most modern garages and automobile show rooms in the state will be built in Stevens Point in 1918 by the Tanner Buick Co., of which W. R. Tanner is manager. The company has rented the building on Normal avenue, just west of Second street, formerly used by its owner, F. F. Kirsling, as a horseshoeing shop, and will be located there until the proposed new building is ready for occupancy. Plans for the new building will be completed during the winter months.

The new building will embody every convenience for the traveling public, such as ladies' and gentlemen's rest rooms, etc. The company will carry a full line of Buick parts, tires and accessories and conduct an up-to-date repair department. The location has not been decided upon, but several sites have been considered.

The company represents the Buick Motor Co. of Flint, Mich., in the western half of Portage county and already has a complete line of 1918 cars here, including the new light delivery truck and four pleasure cars.

W. R. Tanner, who is actively in charge of the affairs of the company, has had eleven years' experience in the automobile industry. He was for two years in the service department of the Sterling Motor Truck Co. of Milwaukee and was sent to New York as the service expert of that concern. He was also at one time in the employ of the Four Wheel Drive Co. at Clintonville, Wis., makers of the celebrated F.W.D. trucks.

The temporary shop on Normal avenue has been equipped for all forms of repair work, including welding and carbon burning, on all makes of cars. Mr. Tanner is in personal charge of this department.

The Buick has always been a popular car in this vicinity and, under the progressive policies inaugurated by the Tanner Buick Co., should grow in favor. The company aims to back up its sales with unexcelled service.

**MOVEMENT STARTED ANEW**

R. C. Olsen and N. M. Urbanowski are at Grand Rapids today inspecting that city's co-operative delivery system. Mr. Olsen is contemplating starting a similar system in Stevens Point and has already interested nearly 20 local grocers and meat market owners in the project. A meeting of the grocers and market men was held at the city offices Tuesday evening, when a general discussion of the plan took place. Mr. Urbanowski was designated to accompany Mr. Olsen to Grand Rapids to gather information of value locally. There is quite a strong sentiment in favor of going ahead with the union system, as a vote on the question at a recent meeting indicated, but some of the merchants are inclined to hold back. The state council of defense is demanding that co-operative delivery systems be started as a means of conserving manpower, and many cities of the state have them. Another meeting will be held next Friday evening.

**GOING INTO TRENCHES**

Soldier Boys of Camp MacArthur Will Soon Get Practical Training Below Surface

Wisconsin soldiers at Camp MacArthur, Waco, Texas, in a very few weeks, will be writing their letters "from the trenches." And the address they indicate will be perfectly proper.

The boys will, however, be still half a world away from Flanders. They will dig themselves in, as part of the education of war, in Texas fields about three miles northeast of Camp MacArthur. The government has leased the ground for men of the school of infantry to burrow in.

The system of trenches will accommodate about 2,000 men, about the number that would be required to defend such a works in the face of the enemy.

The men will go into the trenches for two weeks and during this time they will eat, sleep and work ten feet below the surface of the ground.

The trenches will be patterned after those which are drawn across France. They will be complete even to the listening posts, the bomb proofs and lines of communication. Texas rains, just about due, will make such a slush of Texas gumbo as Gen. Pettain's forces have never charged through, and if the boys are fortunate, the last touch of realism—trench rats—may be added.

The boys at Camp MacArthur have proved their patriotism by rolling up an estimated subscription to the Liberty Loan of \$1,500,000.

Packey McFarland, former lightweight champion of the world, arrived there yesterday to begin his "bit" as coach of the boxing instructors who drill the boys in the manly art.

The 23,000 soldiers of Camp MacArthur were scheduled to gather today at the first official athletic field day. On the three days of the week regularly given over to athletics, Wednesday, Saturday and Sunday, men of championship abilities have been uncovered. All of the usual field and track events were scheduled.

**IN GREAT DEMAND**

Fountain pen thieves broke into an Eau Claire book and stationery store and got away with \$300 worth of pens. This is the second robbery of this nature which has occurred there in two weeks, the Branstad drug store having been robbed of \$300 worth of pens. There are no clues.

**TORUN MAN DIES**

Anton Polcin, one of the old residents of the county, died at his home in Torun last Saturday morning. He was 88 years of age and a resident of Torun 35 years. Two daughters and a son survive: Mrs. Mary Prybilska of Torun, Mrs. Constanca Jaska of Poniatski, Marathon county, and John Polcin of Bevent. The funeral was held Monday from the Catholic church at Torun, Rev. V. Pruc officiating.

**SEVEN CARDINAL VIRTUES**

Rev. G. M. Calhoun of St. Paul's M. E. Church to Give Interesting Series of Addresses

What are the seven cardinal virtues?

The congregation of St. Paul's M. E. church was asked to take a vote on the question, and cards listing thirty-four suggestions were distributed on the last three Sundays, at the morning and evening services. A large share of the 300 cards given out were returned, and this is the result of the vote, the order in which they are given indicating the rank:

Courage, forgiveness, self-control, loyalty, kindness, purity, honesty.

These seven virtues will be the subjects of a series of seven sermons, to be given by Mr. Calhoun at St. Paul's M. E. church on as many consecutive Sunday evenings, beginning November 4. The services will include special music and the public is invited to attend. The sermons deal with fundamental elements of character and will be both interesting and profitable.

In taking up the subjects Mr. Calhoun will begin with the last virtue mentioned, "Honesty," and will work toward the first. The concluding sermon, on "Courage," will be given on Dec. 16.

**SLEIGHING IN OCTOBER**

A blanket of snow heavy enough for sleighing covers Stevens Point and Portage county as a result of a storm that began shortly before noon Sunday and continued throughout the afternoon and night and into Monday. Quite a number of sleighs have been seen in the city, where the snow, which was two or three inches in depth, became packed on the paved streets. The temperature has also dropped, so that practically all of the snow, except where it has been exposed to the direct rays of the sun, remains. It is reasonable to suppose that there will be sleighing in both November and December, and in this event it can be recorded that during the entire year of 1917 there were but four months, June, July, August and September, in which, at one time or another, there has not been sleighing in this vicinity. In 1873, a pioneer Stevens Point resident recalls, nearly two feet of snow fell on October 25 and remained all winter.

**TO ORGANIZE COUNTY**

New Drive Begun to Secure Recruits as Volunteer Members of Food Administration

Portage county is being completely organized for food conservation, as outlined by the United States food administration.

The work was begun last summer, when, under the general direction of Mrs. D. J. Leahy of Stevens Point, representative of women's organizations on the county defense council, cards pledging co-operation in movements for food conservation were circulated and signed in Stevens Point and the villages of Almond, Amherst, Plover, Junction City, Rosholt, Bancroft and Arnott. These cards, which aggregated 1057, were forwarded to Washington.

Now a campaign has been started to enlist more residents of the county as volunteer members of the food administration. A. E. Bourn, secretary of the county defense council, L. A. Gordon, county superintendent of schools, and Mrs. D. J. Leahy are carrying on the work, the first step in which was the sending of blank pledge cards to all rural school teachers of the county. Two thousand of the cards have been sent out and each teacher is asked to see that a card gets into the home of every family in his or her district. They are instructed to have the pupils explain to their parents the necessity of signing the cards. The pledges will be collected and returned to the teachers, who will forward them to one of the members of the committee of three before Saturday night of this week.

In their letter of instruction to teachers the committee said: "Let us remember that every flag that flies opposite the German line is by proxy the American flag, and that the armies fighting in our defense under these flags can not be maintained through this winter unless there is food enough for them and their women and children at home. There can only be food enough if America provides it. And Americans can only provide it by personal service and patriotic co-operation of all of us."

"The small daily service in substitution can be done by all; the saving in waste by the majority, and the lessening of food consumed by many. This individual daily service in 20,000,000 kitchens and on 20,000,000 tables by 100,000,000, which in the sum of all of us, will make that total quantity which is the solution of the problem."

October 29 to November 3 has been designated as "Nation-wide Food Conservation Week." Every agency that might help in the campaign has been enlisted in the work, and in Portage county many of the churches are actively co-operating.

**VICTIM OF DIPHTHERIA**

Dorothy, the six years old daughter of Mr. and Mrs. W. J. Clark of Milladore, died at 6 o'clock Tuesday morning and was buried at Grand Rapids today. The little one had been sick only three or four days with diphtheria. She was the second child in the family of four. Her father also contracted the ailment but his condition is not regarded as serious.

**HE WANTED TO QUIT**

A Scandinavian who was sent from Portage county to Camp Grant, Illinois, as a member of the National Army, didn't like his job, after a week's trial. The soldier, so the story goes, thereupon presented himself before Capt. Reynolds of Co. K, 341st infantry, and, with an air of independence, said: "I tank I ban quit." His resignation was not accepted.

**HULL WIDOW EXPIRES**

The death of Mrs. Mary Kedrowski, aged 77, occurred at her home in the town of Hull last Saturday morning. Mrs. Kedrowski was a resident of this county about thirty years, coming from German Poland, her native land. She leaves five children, Joseph Kedrowski, city; Mrs. Frances Kumstock and Mrs. John Helback, Sharon; Mrs. Michael Walaki, Ashland, and Mrs. Otto Kichler, St. Paul. The body was laid to rest at Torun Tuesday morning, following funeral services at the Catholic church there, conducted by Rev. V. Pruc.

**SOLDIERS GET GUNS**

First Separate Battalion, Wisconsin State Guard, received a consignment of 46 Springfield rifles last Saturday. The firearms were sent by the state and had been stored at Camp Douglas. The men of the battalion expect to receive their blue "dress uniforms" this week.

**IS PROSPEROUS FARMER**

Wm. Koch, who came from the southern part of the state a few years ago and settled on an 80 acre farm in the town of Eau Pleine, has proved the worth of Portage county soil and has materially improved his farm. Among other things his propery consists of a new house, good stock of cattle, horses, etc., and he raised an excellent crop of potatoes this season. He has just added to his possessions by the purchase of another 40 acres of land, situated not far from his present farm, and which contains a house and barn and well developed soil. The new purchase was made through A. E. Dafoe, formerly of Eau Pleine, but now of Chicago.

**PLEAD NOT GUILTY**

In county court today, William and Barney Woloszek of Plover, father and son, were arraigned on the charge of driving an automobile while intoxicated. The case was an outgrowth of the collision last Friday evening between an automobile and a buggy, in which Dewey Coan, son of Policeman T. J. Coan, was injured. The Woloszek admitted they were occupants of the car, but pleaded not guilty to the charge. The case was adjourned to Nov. 9.

**TRIPLE INSTALLATION**

St. Stephen's and St. John's courts of Foresters of this city and Charity court of Custer will hold a triple installation of officers on Thursday evening of this week. The event will take place at Foresters hall, Custer, and it is expected that many auto loads of the local membership will drive out from this city.

Following the installation a lunch and smoker will take place, and as this part of the evening's entertainment is in charge of a committee headed by M. Feely, it surely will be enjoyable.

**GOING TO CALIFORNIA**

A letter from Milwaukee brings the information that Chas. Lochner and family, former residents of Stevens Point, are soon to leave for California to spend the winter. Mr. Lochner was an early day employee of the Wisconsin Central here, but upon moving to Milwaukee engaged in the grocery business on Lincoln avenue. He disposed of his interests a few days ago and will be a gentleman of leisure for a time.

**NEW BANK BUILDING  
FOR FIRST NATIONAL**

Purchase of Valuable Main Street Frontage Announced—May Build in 1918

The First National bank, as the sequence of negotiations that have been pending for several weeks, on Tuesday completed a deal for the purchase of a site for a modern new banking house, which may be erected in 1918.

The land and buildings at 449 and 451 Main street, with the alley between, are included in the deal. The total frontage thus acquired by the bank is 54 feet and the depth 122 feet. The location is one of the most valuable, from a business standpoint, in the city, and the deal is one of the largest real estate transfers recorded here in months. The consideration has not been announced.

The property at 449 Main street includes a two story brick building, which is now occupied by French, Campbell & Co. It has been owned by W. E. Kingsbury for several years. The building at 451 Main street was owned by Mrs. A. G. Green and is now occupied by the Peickert meat market. Both are old buildings.

The plans of the new owners have not been fully completed, but it is hoped to put up the new building in 1918. It will be a modern structure from every standpoint and one of the finest of its kind in any city of Stevens Point's size in the country.

For several years the need of more room has been a handicap to the bank, whose present building is adapted to an institution of four or five hundred thousand dollars in deposits. The First National, according to its last official report on Sept. 11, had deposits of \$1,418,842.15.

The First National bank was established August 1, 1883, and was the first national bank in Portage county. J. W. Dunagan, the present cashier, has been in active charge of the affairs of the institution since January 1, 1900, when the deposits were approximately \$382,000. The bank's present building was built in 1891.

The directors of the bank are as follows: W. D. Connor, R. L. Kraus, J. A. Week, P. J. Jacobs, W. E. Fisher, H. H. Pagel, J. W. Dunagan.

The growth of the bank through the years of its existence has been steady and it has at all times fulfilled its obligations to the community it serves. That it has nearly a million and a half in deposits evidences the confidence imposed in the institution by the public.

**WORK OF VANDALS**

One of the most extreme cases of vandalism that has been brought to light in Portage county in years was recorded at Lime Lake, near Amherst, last Wednesday night, when some unknown person entered the Lone Star Creamery there, opened a vat and let more than \$300 worth of cream run to waste, and destroyed a report sheet that hung on the wall. The sheet was discovered by William Peterson, the manager of the creamery, when he opened the building Thursday morning. The creamery company has offered a reward of \$100 for information leading to the arrest and conviction of the perpetrator of the act and has asked the state authorities for assistance in solving the mystery. Sheriff John F. Kubisiak has conducted an investigation, but, so far as known, no real clue has been uncovered.

**PRESS STATEMENTS  
LAUD BOND WORKERS**

Local Chairman and Reserve Bank Governor Publicly Thank Liberty Bond Boosters

Portage county's remarkable record in the second Liberty Loan campaign, which closed last week, has prompted public expressions of thanks from both the local chairman, J. R. Pfiffner, and J. B. McDougal, governor of the federal reserve bank of Chicago.

"The sale of second Liberty Loan bonds in the entire county, and especially in the city of Stevens Point, as evidenced by the final figures, went far above my expectations," said Mr. Pfiffner. "This was due entirely to the efforts of the committeemen, bankers, press and the women's organization, upon all of whom I was compelled to rely in order to accomplish the results attained. I wish to take this opportunity to thank, on behalf of the government and personally, each and every person who so willingly assisted in the work. Portage county has demonstrated that its people are loyal now, as always."

On Tuesday Mr. Pfiffner received the following telegram from J. B. McDougal, governor of the Federal Reserve bank of Chicago, fiscal agent for the United States government:

"The Liberty Loan campaign just closed will stand alone as the most convincing demonstration of patriotism in the history of the nation. We take this occasion to extend to you and through you to your co-workers our sincere appreciation for the part you have taken in this great work."

The official statement to the press, by Governor McDougal, is as follows: "The Federal Reserve bank of Chicago, fiscal agent for the United States government in the sale of Liberty Loan bonds, desires publicly to express grateful acknowledgment to the press, to the Liberty Loan committees, to the banks, bond houses and other organizations, and to the vast number of men, women and children who, with enthusiastic devotion, were responsible for the success attained in floating the second Liberty Loan in the Seventh Federal Reserve District. That such a multitude of people should volunteer is a striking illustration of the spirit of patriotism inherent in the American people."

"Appreciation in equal measure also is expressed to the many hundreds of thousands of individuals and institutions that have so loyally placed their funds at the disposal of the Government by subscribing for the Liberty Loan."

**PRESENTS FOR SOLDIERS**

Woman's Club Plans to Canvass City For Contributions For Christmas Boxes

The Stevens Point Woman's club is preparing to canvass the entire city for contributions for soldiers' Christmas boxes. This is a national movement started by the Red Cross.

The Woman's club committee in charge, at a meeting at the home of Mrs. J. E. Delzell Tuesday, made arrangements to begin work. It is expected that the canvass will be started next Saturday and it is the plan to call at every house in the city.

The aim of the club is to supply 100 Christmas packages, which will be sent to Red Cross headquarters at Chicago for distribution. Books with paper covers, envelopes, pencils, pocket knives, mirrors, khaki-colored handkerchiefs and a score or more of other articles are acceptable. The committee will also take contributions of money.

**COUNTY POTATO SHOW**

Big Event Will Be Held at Amherst on Wednesday, Nov. 7.—Prizes Are Offered

The second annual Portage county potato show will be held at the opera house in the village of Amherst on Wednesday, Nov. 7, and predictions are being made that it will be one of the best of its kind in the state.

The show will be the occasion for a general get together meeting of growers and an interesting program. H. W. Ullsperger of the University of Wisconsin will give an address on treatment of the soil and J. G. Milward, secretary of the State Potato Growers' association, will also be on the program. Mr. Milward has also consented to serve in the capacity of judge.

The big production of potatoes this year is expected to result in a big exhibit. All the leading varieties grown in the county will be shown and from these samples will be selected the exhibit that is to be sent to the state show at Madison Nov. 19 to 24.

Prizes will be offered for the best exhibits, as has been previously announced in The Gazette.

**SWAN IS TRANSFERRED**

Capt. C. W. Swan, who left Stevens Point with Troop I, is now at the head of a company in the 121st regiment of field artillery, advices from Waco, Texas, state. His new command consists of Wisconsin men. The old Troop I members are in the 120th light artillery, to which Capt. Swan was also temporarily assigned after the big "shake-up."

## Classified Advertisements

(Advertisements under this head are charged for at the rate of one cent per word for first insertion and one-half cent per word for each additional insertion. Cash with order. Copy sent to The Gazette with remittance will receive prompt attention.)

## FOR SALE.

FROST BLOCK

**CHICHESTER'S PILLS**  
THE DIAMOND BRAND  
SOLD BY DRUGGISTS EVERYWHERE

BOYS OF COMPANY K  
MAKING FINE PROGRESS

Portage and Waupaca County Soldiers at Camp Grant Form Model Organization

The C. K. will, in composition, have been the best in the 31st regiment of the National Army at Camp Grant, Rockford, Ill., is the statement attributed to the lieutenant colonel of the regiment. This information was received by a Stevens Point resident from Clarence R. Larson, former bookkeeper at the Gross & Jacobs store.

Mr. Larson, who has been doing the clerical work for his company, wrote, in part, as follows:

"This is the third week I have been in the office continually. Have done a lot of soliciting for our 'Company Fund,' which provides recreation and amusement for the members of our company. I probably noticed the Rotary club donated \$155. This is the biggest contribution we have received."

"During the Liberty Bond campaign they have been selling bonds to the boys here on the allotment plan. A certain amount is taken from each soldier's pay each month until the bond is paid for. We were paid for the first time last Wednesday and I received \$11 for September services."

"They are transferring men to and from our company, which makes a lot of extra work in the office. I never realized before how much a captain has to contend with and the responsibility he has. This work doesn't appeal to me as much as the drilling, which I thought was interesting and invigorating, but I am learning something about what a captain has to do which will be helpful information if I decide to remain in the army."

"The boys in our company are coming right to the front as first class soldiers. I haven't seen them drill for three weeks, but heard the officers speak very well of them today. They gave an exhibition before a moving picture machine and the lieutenant colonel said 'K' company was the best in the regiment and that he would use one of our squads as a model for the other companies. They are learning about trench warfare now, and are digging trenches, learning to make bayonet charges, cross wire entanglements, etc."

"In a day or two we will have steam heat in our barracks and hot water for shower baths. It has been uncomfortable cold ever since we came here and everyone will be much more contented when we get a little heat and can take a bath. The officers bought an oil heater for our office, so I have had a comfortable place to work since starting in the office."

## APPRECIATE THE GIFT

Soldiers at Camp Grant Thankful to Stevens Point Rotary Club For Funds

That the Portage county soldiers at Camp Grant appreciate the interest taken in them by the folks "back home" is indicated by the following letter received by Secretary L. J. Senger of the Rotary club from Capt. Charles W. Reynolds of Co. K, 341st infantry, acknowledging the receipt of the club's check for \$700, contributed to the company fund:

"The club's check for \$700, representing your contribution to our company fund, reached us yesterday."

"It is indeed gratifying to the officers and men of this organization to know that we have friends who respond so promptly and so generously to our appeals for help. We all feel very thankful to you for your help and you have been given full credit."

When L. A. Pomeroy, cashier of the International bank at Amherst and member of the Portage county board of exemption, learned of the fund started by the Rotary club, he immediately sent a check for \$5 to add to the fund, although he is not a member of the club. At Secretary Senger's suggestion, Mr. Pomeroy also offered to accept other contributions from Amherst residents to help swell the amount. When funds are contributed by Amherst will be placed in a separate fund by Secretary Senger and Amherst given credit for the donation.

## HER EIGHTIETH BIRTHDAY

Mrs. H. A. Raymond, Former Stevens Point Resident, Is Now An Octogenarian.

Mrs. H. A. Raymond, a former resident of Stevens Point and who has many friends in this city, celebrated her eightieth birthday recently at her home in St. Louis, Mo. One of the guests who helped to make the anniversary a happy one was Mr. F. J. Krembs, dentist, who is a former resident of Stevens Point.

Many guests of distinction and friends were present at the celebration.

The hostess, with singing, heartily welcomed her guests.

Long life, as it starts, With its wisdom, grace and joy, In the line of married life, And the joys and laughter's ring, Made her grave and old folk sing.

Eighty times the Christmas fire, Shining on thy heart's desire, Eighty times the cherry bloom, And the rose's rare perfume.

And the "knight came riding" soon— Fair and eighty years in June, Wedding bells that softly say, "Sixty years" or "yesterday?"

One wild morn, when skies were grey, Rode thy "Gentle Knight" away, Into Heaven's open door, O'er a trail never trod before;

Opened thee a shining way, Binding earth to Heaven always; Only love can climb that stair, Love that lingers like a prayer.

Sweet-and-eighty, growing old, Just in growing finer lines; On a face where love-light shines; Hearing in life's undertones, Prayers for bread instead of stones.

Sweet-and-eighty, growing old, Just in growing finer gold.

## EXHIBIT AT MADISON

Two Portage County Boys to Show Aberdeen Angus Steers at State Baby Beef Show.

The Portage county boys, Lloyd Williams, Bancroft, and Ralph Williams, his brother, will show two Aberdeen Angus steers at the Wisconsin Baby Beef Show to be held at the Stock Pavilion, Madison, November 14-15.

These boys will get free trips to Chicago during the International Live Stock Exposition, December 1-8, expenses paid by Wilson & Company, Packers, Chicago. They showed their animals at the Stevens Point fair in September.

Now that the preliminary events at local fairs in eleven counties of the state are over, people interested in Wisconsin's boom in baby beef production are looking ahead to the second Wisconsin Baby Beef Show held under the direction of the Wisconsin Live Stock Breeders' Association, in cooperation with the College of Agriculture and several state beef breeding associations. This event is the annual round-up of Wisconsin boys and girls who have fed and exhibited their baby beefs, under the rules of the Association, at county and district fairs throughout the state.

In addition to the general value of the feeding and fitting lessons learned by our youngsters enrolled in the contest, several cash prizes and special inducements to stimulate keen competition have been offered.

A total of \$544, ranging from \$50 to \$10, will be paid in prize money. Two classes have been established for the round-up contest—one for senior calves, dropped since September 1, 1916, and one for junior calves, dropped on or after January 1, 1917.

The counties to be represented are Buffalo, Columbia, Grant, Iowa, Pierce, Portage, Sauk, Richland, Rock, St. Croix, and Walworth. Twelve fairs conducted baby beef contests this season. Grant county had two fairs with entries in this class.

## ROAD BUILDING OVER

Highway Work in Portage County Practically Completed for the Present Season

State aid road work in Portage county for 1917 has been practically completed and the machinery and other equipment has about all been stored for the winter. Highway Commissioner T. E. Cauley told The Gazette last Friday:

There are still some repairs to be made and other work to be done before winter sets in. Mr. Cauley said, but no actual construction work will be attempted. Eleven hundred feet of guard rail will be erected in the town of Lanark and 600 feet of guard rail in Belmont, and, weather permitting, some grading and dragging will be done in preparation for new road building next season. This includes two miles in Buena Vista and 1 1/2 miles in Sharon, which were to have been macadamized this season.

The volume of new construction in the county this year has been materially less than was planned, owing to the high cost and scarcity of both materials and labor. Here is a list of the new roads: 2 miles in Carson, 1 1/2 miles in Stockton, 1 mile in Plover, 1 mile in Grant, and 3,200 feet of 16-foot road on the Stevens Point-Stockton road over Plover Hills.

The highway commission had five crews at work at one time, but these dwindled down to one. The remaining crew was short of men toward the last.

## AT HUSTING FUNERAL

Postmaster Alex. Krembs and Senator Paul O. Husting at the funeral of Senator Paul O. Husting at Mayville last Wednesday afternoon. So many of the national prominence, members of the little Wisconsin town to pay their last tribute of respect to the late senator, whose tragic death while hunting is so universally regretted.

## MRS. GEORGE WAGNER

Former Resident of Portage County Dies of Paralysis at Lamont, Alta., Canada.

Mrs. George Wagner, who was born in Portage county, and who had been a resident of Lamont, Alta., Canada, died of paralysis at Lamont, Alta., Canada, on October 21, 1917.

The funeral was held in Lamont, Alta., Canada, on October 23, 1917, at 10 o'clock a. m. The services were conducted by Rev. Charles R. Smith, pastor of the Lutheran church at Lamont. The deceased was born in Portage county, Wis., in 1855, and was married to George Wagner in 1875. She was a member of the Lutheran church and was a devoted wife and mother. She was also a member of the Ladies' Aid society and the church choir.

She was survived by her husband, George Wagner, and by several children and grandchildren.

## BAND FAIR SOON

The third annual fair under the auspices of Weber's band will be held at the armory on the evenings of Nov. 20, 21, 22 and 23, and members of the organization are perfecting arrangements with the view to making it "the best ever." Turkeys, geese, ducks, chickens, pigs, hams, flour, dolls, teddy bears and many other articles will be on sale, and the big building will be filled with booths and other attractions. Weber's band will furnish music each evening and the Amherst and Bancroft bands will help out. A free dance will be given the second evening and possibly another on the concluding evening, when a \$20 gold piece will be given away. The old price of admission, 10 cents, will again prevail.

STEVENS POINT BOY  
SEES WAR CAPITALS

John E. Moran, Representing State Department, Travels in Belligerent Nations

To have visited the capital of practically every one of the warring nations of Europe, including Berlin and Vienna, and to be present in Berlin on that eventful sixth day of April, 1917, when congress passed the resolution declaring that a state of war existed between the United States and Germany, were privileges accorded John E. Moran, a Stevens Point boy.

Mr. Moran held a position with the United States department of agriculture prior to being transferred to the state department in the latter part of 1916. In December of that year he was ordered to proceed abroad on a "diplomatic mission," his destination being Bern, Switzerland. After his arrival there he did considerable traveling in connection with his work, and it was while thus engaged that he visited the European capitals and many other important cities. While in Berlin he received orders to return to Switzerland at once and he had little difficulty in getting safely across the line.

Mr. Moran is now attached to the American embassy at Bern and letters from him bring the information that he is greatly pleased with the mountain republic. A letter he wrote on Sept. 20 and which was received last week by his sister, Miss Theresa Moran, at Chicago, and forwarded to Stevens Point to his brother, B. P. Moran, gives some interesting side-light on the situation in the neutral nation, was forced to conserve its food supply by issuing ration cards for rice, sugar and corn. Mr. Moran also said that by the time his letter was received residents of that country would be obtaining bread by card. Wheat bread, he said, has been replaced by "war bread," which is dark in color and much more solid and hard than other bread. War bread cannot be sold until 48 hours old, a law of the land provides.

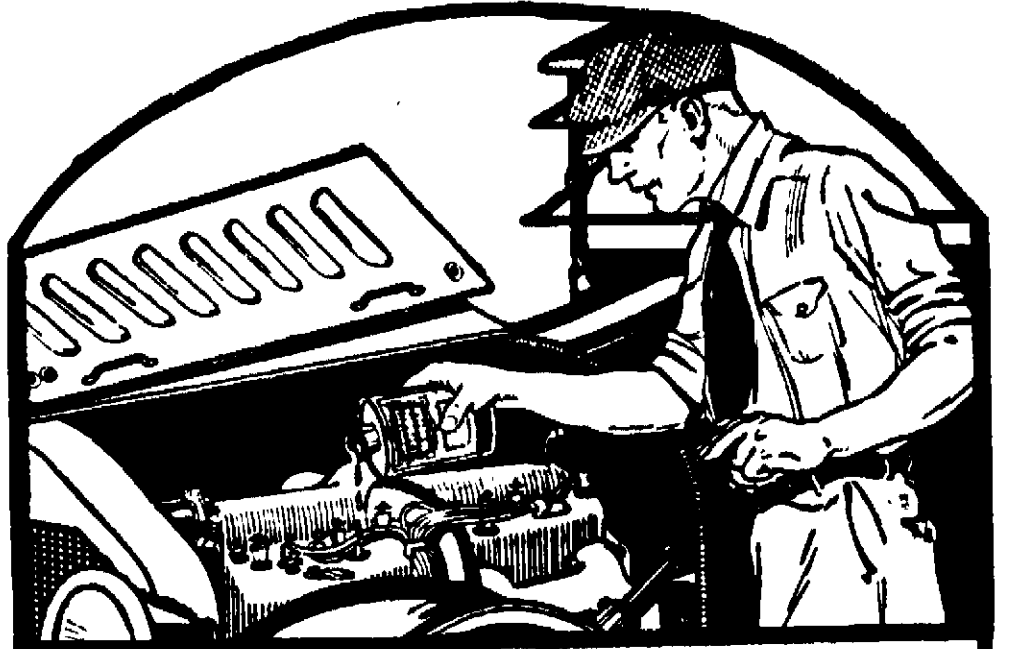

"The food here is not as good as it is at home," Mr. Moran wrote, "but we are able to get along nicely with it."

## GOING ABROAD SOON

Information reaching Stevens Point is to the effect that the Sunset Division of the National Guard, now at Camp Green, Charlotte, N. Carolina, will leave for France by or before January 1, 1918. This is the division in which George Maenish, son of Mr. and Mrs. C. G. Maenish of this city, is a second lieutenant in an Oregon company. The division also includes the Dakota National Guardsmen who passed through Stevens Point a few weeks ago on special trains over the Soo line. The Rainbow Division, which was in training at Camp Mills, Long Island, has landed safely in France, according to word received here. In this division there are two Stevens Point boys, Capt. James Burns and Sergeant Myron Clifford. Capt. Burns and Lieutenant Maenish both attended the officers' training school at Fort Sheridan. The vanguard of the Sunset division which will be composed of 28,000 men, all from states west of the Mississippi, began arriving in camp near New York last Thursday, dispatches state.

## The New Way

Chancellor—Sire, we will have to camouflage some of our diplomatic schemes.  
Kaiser—Then paint them a neutral tint.

## Put New Life In Your Motor

A Dose of Johnson's Carbon Remover will increase the power of your car—improve acceleration—stop that knocking sound—quiet your engine—and reduce your gasoline consumption 12% to 25%.

JOHNSON'S  
CARBON REMOVER

is a harmless liquid to be poured into the cylinders. It softens the carbon and releases it from the metal. It then burns, powders, and is blown out through the exhaust. Five minutes' time and no labor required. You will save from \$3.00 to \$5.00 over any other method, without laying up your car and with very much better results.

## Use It Every 1,000 Miles

If you will use Johnson's Guaranteed Carbon Remover at regular intervals giving carbon no chance to accumulate, you will automatically eliminate most valve trouble and your engine will always be at its highest efficiency.

## FOR SALE BY

## H. D. McCulloch Co.

## MANY WILL TRAP

Nearly one hundred of the new state licenses for trappers have been issued by County Clerk A. E. Bourn. Licenses of this kind must be taken out by all who wish to take protected fur-bearing animals. The fee is only a dollar, and the real object of the licenses seems to be a desire on the part of the state conservation commission to secure accurate information as to the number of fur-bearing animals taken in the state. At the conclusion of the season each trapper must make a report stating the number of each variety trapped, where taken and what disposal was made of the fur. Failure to report is punishable by a fine of \$50. The demand for the regular hunting licenses is considerably less than last year, owing to the added restrictions and additional "red tape." Up to Monday 1215 of these had been issued in this county.

## JUDGES ARE SICK

Sickness among circuit court judges in Wisconsin has resulted in the placing of an extra burden upon those of their colleagues who are more fortunate. Four of the twenty judges are off the bench on account of illness, these being Judge Wickham of Eau Claire, Judge Fowler of Fond du Lac, Judge Turner of Milwaukee and Judge Stevens of Madison. Judge Lueck of Juneau is now holding court for Judge Fowler at Montello and Judge Park of Stevens Point, on either the third or fourth Monday of November, will go to Madison to preside in place of Judge Stevens. Judge Park left today for Milwaukee to complete the work he had previously started in Judge Fairchild's court.

Flattery will always puncture the bullseye when other shots go way below the target.

**\$100 Reward, \$100**  
The readers of this paper will be  
pleased to learn that there is at least  
one dreaded disease that science has  
been able to cure in all its stages and  
that is catarrh. Catarrh being greatly  
influenced by constitutional conditions  
requires constitutional treatment. Hall's  
Catarrh Medicine is taken internally and  
acts thru the blood on the mucous sur-  
faces of the system thereby destroying  
the foundation of the disease, giving the  
patient strength by building up the con-  
stitution and assisting nature in doing its  
work. The proprietors have so much  
faith in the curative powers of Hall's  
Catarrh Medicine that they offer One  
Hundred Dollars for any case that it fails  
to cure. Send for list of testimonials.  
Address F. J. CHENEY & CO., Toledo,  
Ohio. Sold by all Druggists, 75c.

**SOME TELEPHONE NOTES**  
Below are a few items of Stevens  
Point news clipped from the Bell Tele-  
phone News, (Milwaukee):

E. A. Peterson, equipment foreman  
from Milwaukee, is installing new  
central office equipment at the Stev-  
ens Point exchange. \* \* \* William  
Dehards has resigned his position as  
line man at the Stevens Point exchange  
and is now located in Merrill. He is  
succeeded by E. T. Powell, formerly  
employed by the electric light com-  
pany of Stevens Point. \* \* \* A. J.  
Elliot has resigned his position as  
line man at the Stevens Point ex-  
change. M. E. Moen has been trans-  
ferred from the Stanley exchange to  
fill this vacancy. \* \* \* Miss Cecilia  
Popowski has resigned her position  
as tell operator at the Stevens Point  
exchange and has accepted a position  
in the First and Security National  
Bank, Minneapolis, Minn. \* \* \* Miss  
Marie Kelly, chief operator at the Stev-  
ens Point exchange, has been absent  
since July 27th on account of illness.  
During part of this time she has been  
in the Sacred Heart sanitarium at Mil-  
waukee. She is improving rapidly  
and expects to be able to resume her  
duties soon. Miss Hazel Whitney,  
assistant chief operator, has been acting  
as chief operator during Miss Kelly's  
absence.

**WEEKS WILL LOG**  
The John Week Lumber Co. will log  
quite extensively during the coming  
winter, not withstanding the greatly  
increased cost of work of this kind.  
The company will operate two camps  
in Marathon county, one six miles west  
of Mosinee and one about the same  
distance east of Knowlton. These  
camps have been conducted all this  
year. The logs are mixed, hemlock  
and hardwood, and will be floated  
down the Wisconsin in the spring. The  
company has let a contract for log-  
ging operations in a tract of white pine  
it purchased a year or so ago near  
Iola and another contract for opera-  
tions in a small tract near Colby.  
It will also be in the market for logs  
cut by farmers and other private own-  
ers. The sawmill in this city finished  
operations for the season last Wednes-  
day, the total cut amounting to about  
eight million, which is about the aver-  
age for the past few years. The plan-  
ing mill, as usual, will continue in op-  
eration through the winter.

**Somewhat Hunched**  
A marriage broker brought an assis-  
tant along to a conference about a  
bride. This assistant was to confirm  
his assertions.  
"She is well made, like a pine tree,"  
said the agent.  
"Like a pine tree," repeated the as-  
sistant.  
"She is cultured beyond words."  
"Wonderfully cultured," came the  
echo.  
"However, one thing is true," con-  
fessed the broker, "she has a slight  
hunch on her back."  
"And what a hunch?" confirmed the  
assistant.

**All the Same to Pat**  
An Irish recruit was placed on his  
first spell of sentry duty, and had  
vague ideas of what a "sentry" meant.  
He had wandered a little out of his  
position.  
He was accosted by an officer with:  
"What are you here for, my man?"  
"Faith, your honor," said Pat, with  
his accustomed grin of good humor,  
"they tell me I am here for a cen-  
tury!"

"I wish you could find out how I  
stand with your father."  
"Why do you want to know?"  
"He gave me a tip on the stock mar-  
ket today."

**WEEKS WILL LOG**

The John Week Lumber Co. will log  
quite extensively during the coming  
winter, not withstanding the greatly  
increased cost of work of this kind.  
The company will operate two camps  
in Marathon county, one six miles west  
of Mosinee and one about the same  
distance east of Knowlton. These  
camps have been conducted all this  
year. The logs are mixed, hemlock  
and hardwood, and will be floated  
down the Wisconsin in the spring. The  
company has let a contract for log-  
ging operations in a tract of white pine  
it purchased a year or so ago near  
Iola and another contract for opera-  
tions in a small tract near Colby.  
It will also be in the market for logs  
cut by farmers and other private own-  
ers. The sawmill in this city finished  
operations for the season last Wednes-  
day, the total cut amounting to about  
eight million, which is about the aver-  
age for the past few years. The plan-  
ing mill, as usual, will continue in op-  
eration through the winter.

**Somewhat Hunched**

A marriage broker brought an assis-  
tant along to a conference about a  
bride. This assistant was to confirm  
his assertions.  
"She is well made, like a pine tree,"  
said the agent.  
"Like a pine tree," repeated the as-  
sistant.  
"She is cultured beyond words."  
"Wonderfully cultured," came the  
echo.  
"However, one thing is true," con-  
fessed the broker, "she has a slight  
hunch on her back."  
"And what a hunch?" confirmed the  
assistant.

**All the Same to Pat**

An Irish recruit was placed on his  
first spell of sentry duty, and had  
vague ideas of what a "sentry" meant.  
He had wandered a little out of his  
position.  
He was accosted by an officer with:  
"What are you here for, my man?"  
"Faith, your honor," said Pat, with  
his accustomed grin of good humor,  
"they tell me I am here for a cen-  
tury!"

"I wish you could find out how I  
stand with your father."  
"Why do you want to know?"  
"He gave me a tip on the stock mar-  
ket today."

**Work Well Done**

If any men have done a patriotic service in Portage county since the United States became a belligerent, they are the members of the county board of exemption. Sheriff John F. Kubisiak, County Clerk A. E. Bourn, W. E. Fisher, W. E. Atwell, L. A. Pomeroy and O. A. Crowell. Drafted into service by the government, they accepted the burden imposed without complaint, although not unmindful of the hard and disagreeable character of the work assigned them. Each and every number of the board has discharged his obligations with intelligence and, so far as it is humanly possible to do so, with absolute fairness, both to the draft registrants and to the nation. In full realization of the heavy responsibilities placed upon them, they have striven at all times to eliminate favoritism and place all draft eligibles upon an equal basis, as they should. As a result criticism of them has been minimized and it is generally conceded that they have done their work well. None of the members of the board receives pay for his time and work, although the duties they have performed have frequently caused them to sacrifice their own business interests. No one envies them their job, but none should be so selfish as to refuse to give them credit for a public task well done.

**Berlin's New Paper**

The American is the name of a new weekly newspaper established at Berlin, Wis., the first number of which was issued last Thursday, Oct. 25. D. S. Johnson is the publisher and in his preamble he takes occasion to assert the policy of Americanism that will dominate the paper. The first issue was of ten pages of six columns and the volume of advertising it carried presages the financial success of the venture. It is well edited, typographically good and in every other way a worth-while addition to newspaper circles of the state.

**Fired Hot Shot**

Wisconsin veterans who attended the Vicksburg reunion, adopted resolutions condemning in no uncertain language the war attitude of Senator LaFollette. After renewing their allegiance to the ideals for which they fought nearly 60 years ago, they denounced the "disloyal utterances and activities of R. M. LaFollette, senior senator from Wisconsin, and his followers in and out of the United States senate." "We believe," the resolutions said, "that he and his supporters are enemies of the United States of America and that they are accessories before and after the fact to the slaughter of American citizens and soldiers, insult the memory of the noble dead and menace the integrity of our flag and all it symbolizes, and we demand that treason be made odious and insist that its penalty is and should be death."

That's about the hottest shot Bob has yet received.

How about a Merry Christmas for Portage county's soldier boys?

Your Liberty Bond button is an all year round decoration. Don't be afraid to advertise your patriotism.

set by Mexico, probably the Russian leaders wouldn't be acting like the traditional Kilkenny cats, and would be doing something to drive the Teutons back to Berlin. And by the way, what have you heard from Mexico?

**DOCTORS WILL MEET**

The Portage County Medical society will hold a meeting in the office of the president, Dr. W. W. Gregory, in Stevens Point, Nov. 2, at 8 p. m. Matters of importance to all members of the society will be discussed.

Dr. J. D. Lindores, Sec.-Treas.

**NORMAL TAKES BONDS**

The students of the local Normal school may feel well proud of their "bit" that they have contributed to investment of Liberty Bonds. Departments have subscribed for a total amount of \$400 worth. Besides this individuals have bought bonds amounting to \$1,100. Marie Baumach of Montello in the primary department alone has subscribed for a \$1,000 bond.

The following departments have subscribed for bonds:

High	Two \$50 bonds.
Junior	Two \$50 bonds.
Girls	One bond.
Boys	One bond.
Primary	One bond.
Rural	One bond.

Some of the departments will contribute to the bonds to the students loan fund which is for the purpose of helping students through school by lending them money. The departments that will contribute their bonds for this cause are the Rural and the Home Economics departments. The latter will contribute one of their bonds.

The teachers have likewise invested in a large number of these bonds.

The total investment of the faculty is approximately \$9,000. The women of the faculty invested for a total amount of \$4,500; while the men have invested \$3,500.

**MAY THE WRONG MAN**Magazine Solicitor Brought Here  
From Portage But Is Probably  
Not Pen Thief

Harry May, the magazine solicitor who disappeared from the Bruce hotel in this city rather suddenly after the robbery at the Hannon-Bach pharmacy recently, when \$400 worth of fountain pens were taken, is a prisoner at the county jail.

But May is not the man who had called at the drug store so frequently before the robbery nor the one who appeared there the morning after the raid and whose actions at that time were so suspicious. He is being held at the jail, but it is doubtful if sufficient evidence can be secured to hold him. He owes a week's board bill at the Bruce, but it is understood that the possessions he left in his room were worth more than enough to make this good.

May was arrested at Portage last Thursday night and was brought to Stevens Point Friday evening by Chief Hofsoos, who went to Portage after him. He was arraigned in Justice Park's court Saturday and pleaded not guilty. Thereupon his hearing was adjourned to Nov. 5.

May denied any knowledge of the robbery, but admitted he had been on a protracted "spree." He asked for time to let his brain clear up and otherwise showed the effects of excessive drinking. It was not until Tuesday afternoon that it was established that May and the mysterious stranger who had visited the store were not the same person.

Now the police would like to put their hands on the "other man," whose disappearance was so well covered that no trace of him has been found.

**CONDITION IS SERIOUS**

The condition of A. F. Wyatt, who underwent an operation for strangulated hernia at St. Michael's hospital two weeks ago, is very serious and slight hopes are entertained for his recovery. He has been unable to assimilate any food for the past few days. His son, Lieutenant Ben. Wyatt of Funston, Kansas, and daughter, Mrs. A. P. Temple of Springfield, Mo., have been here since last Saturday. Mrs. Temple is accompanied by her two children, Jane and Mary Bell, and Mr. Temple was also here for a few days, but has returned to his home.

**ACCIDENT CAUSES DEATH**

Buena Vista Farmer Dies as Result of Broken Back Suffered Four Months Ago

Stanislaw Adamski, aged 54, a farmer of the town of Buena Vista, died at 6 o'clock Tuesday morning, at his home, from the effects of an accident that occurred four months ago.

Mr. Adamski at the time of the accident, was riding on a load of hay, when he fell to the ground, breaking his back. He was for a time a patient at the local hospital.

Mr. Adamski is survived by his widow and three children, John and Mary at home and Mrs. John Sopka of Buena Vista.

The funeral will be held from the Fancher Catholic church Thursday morning.

**A COSTLY BLAZE**

Fire of unknown origin totally destroyed a large farm building used as a barn, garage, ice house and woodshed, at the home of Leo J. Gurney at McDill Saturday evening. The family had retired early and the fire was discovered by neighbors. Fire company No. 2 was called out, but could do little effective work as the distance from the nearest water hydrant was too great. However, with chemicals at hand, they were prepared to save the residence from taking fire. It is estimated that the loss is in excess of \$1,000, which is partly protected by insurance. A Ford touring car, some chickens, several cords of wood and a quantity of coal were lost with the building. There was also quite a quantity of ice in the ice house, which was melted. The heat also damaged the exterior of the residence.

**NEW CENTRAL OFFICE**

Official Business of Portage County  
Postoffices To Be Transacted  
Through City.

A change in the system of conducting the postal service makes the Stevens Point postoffice the central office for Portage county, from which all other offices in the county will receive their supplies and to which all reports will be made. The change, though just put into effect, takes in, so far as reports are concerned, the first quarter of the new fiscal year, which includes the months of July, August and September.

Under the new arrangements all third and fourth class offices have been arranged and classified in districts, the county being usually the unit of division, and an office designated as the "central office." The fact that the Stevens Point postoffice has been so designated means that hereafter all the postoffices of the county are required to send their quarterly reports to the Stevens Point postmaster for audit and correction. After such correction by the local postoffice, the reports are to be forwarded to the auditor of the postoffice department at Washington, with a summary of each report.

The district offices, as those in the county outside of Stevens Point are now termed, will be required to procure their stamps, envelopes and all other supplies for office use or sale, through the Stevens Point office. The change will result in a considerable increase of work for the Stevens Point force.

Following is a list of the thirteen postoffices in the county outside Stevens Point, the first two named being third class offices and the rest fourth class: Almond, Amherst, Amherst Junction, Arnott, Bancroft, Coddington, Custer, Plover, Polonia, Rosholt, Junction City, Stockton, Nelsonville.

Mrs. Frank Singley of Plover was a visitor to the city Saturday.

Florian Bannach of Custer has re-entered Ripon college, at Ripon.

Mrs. E. F. Rogers and son of Plover were in Stevens Point Saturday.

New home made sauerkraut, 10 cents per quart at A. F. Behrendt's, 418 Franklin street, spent the week end at Oshkosh.

Mrs. Ole Asbjeld returned last night from a couple of weeks' visit with her husband at Duluth.

Mr. and Mrs. William C. Kalke and little son went to St. Paul last Thursday for a visit with relatives.

Miss Ethel Stark has taken a position at Minneapolis. An aunt, Mrs. E. T. Woodward, lives in that city.

Mrs. John Steward and two children, 442 Madison street, have gone to Bancroft for a few days' visit.

Miss Nellie Jones of Albert Lea, Minn., is visiting at the home of her aunt, Mrs. Andy Klug, on Main street.

A. L. and Miss Laura Raymond of Arnott spent Saturday and Sunday with friends and relatives at Thorp and Auburdale.

Mr. and Mrs. Dan Hopkins of Amherst drove to the city Saturday, bringing with them a hundred pounds of chicken for market.

Mrs. A. B. Crego, 306 East avenue, left the latter part of the week for Menomonie, Wis., for a few days visit with her father, J. Burgeson.

Mr. and Mrs. Arthur Charlesworth left for Amherst this morning to spend the rest of the week at Mrs. Charlesworth's parents home.

Burton Ambrose who is teaching at Marathon City, visited at the home of his grandmother, Mrs. Barbara Ambrose, in this city over Sunday.

Mrs. Frank Brown returned to her home at Plainfield this morning after spending a few days with her daughter, Mrs. O. A. Perry in this city.

W. F. Ryan and mother, Mrs. John J. Ryan, spent the greater part of last week at Norwood Park, Ill., with their brother and son, M. C. Ryan and family.

Mr. and Mrs. Bryan True and Mr. and Mrs. Oscar Carpenter and son, Ruben, of Almond, visited at the homes of Frank Poust and John Ryan Sunday.

Mrs. Lottie Williams and son, Floyd, who had been visiting Mrs. J. J. Nelson at 341 Water street, left Saturday morning for their home at Wild Rose.

John Huber went to Brokaw last Sunday morning for a few days' visit with his son, John M. Huber, who is employed in the paper mill at Wausau's suburb.

Mrs. Geo. Wilmut and M. F. Pierce of Plover were in town Sunday morning while enroute to Stanley for a visit with their grandson and son, Wilmut J. Pierce.

Mrs. Arnold Spurney and little daughter, Sue, left last Saturday for Minneapolis, where they will spend the winter with Mrs. Spurney's sister, Mrs. Julius Lokke.

Florian Bannach, who is attending Ripon college, refereed the Prairie Du Chien-Richland Center High school football game at Richland Center last Saturday afternoon.

Manawa Advocate: Rev. J. R. McGinley showed us a large potato he dug from his garden last week. It measured 19 1/4 inches around the long way, and weighed 30 ounces.

Mrs. W. F. Landgraf and two children of Chicago have gone to Milwaukee for a few days before returning to their home. They had been spending the past month with Mrs. Gus Swanson in this city.

Miss Bertha Fierek, who conducts a "beauty shop" at Chippewa Falls, visited at the home of her parents, Mr. and Mrs. Aug. Fierek on Normal avenue, from Thursday of last week until Tuesday night.

Supt. J. E. Roberts, head of the Fond du Lac schools and formerly similarly engaged in this city, is to give an address at the 65th annual meeting of the Wisconsin Teachers' association at Milwaukee Nov. 1, 2 and 3. His topic will be "Breaking the Lock Step."

Miss Stella Skoglund of Amherst expects to spend the winter at Harlowton, Mont., where she will visit Mr. and Mrs. W. J. Burling, former residents of that village. Miss Skoglund is now at Nelsonville and will also spend a few days at Mosinee before going west.

Aug. Walkush, who is now actively engaged in farming on a tract of land which he owns a few miles north of town, was fortunate in raising a good crop of corn this season, much of which is valuable for seed. Mr. Walkush's property is located on the east bank of the Wisconsin river.

Homer Worden and family of Buena Vista drove up last Saturday and spent several hours here on a shopping trip. Homer's father, W. D. Worden, is one of the oldest residents of that township and although now past his 87th year is yet remarkably spry and active and makes occasional trips to this city.

Peter Trierweiler, Sr., who had been visiting at the homes of his son, Peter Trierweiler, Jr., in this city and his daughter Mrs. Lawrence Higgins at Stockton, since last May, left for Stanley the first of the week to spend several days with his son, Nicholas Trierweiler, before going back to Minneapolis to spend the winter with two other daughters.

John Fierek and two daughters, Mary Jane and Lucille, will return to their home at Indianapolis, Ind., tonight after a couple of weeks' visit at the home of Mr. Fierek's parents, Mr. and Mrs. Aug. Fierek. Wanda, another daughter of John Fierek, who is here with the other members of the family, will remain at the home of her grandparents for a longer visit this winter.

Mr. and Mrs. Felix Repella of Fancher were visitors to this city today.

M. O'Keefe of Custer was in town last Thursday and visited. The Gazette's new home at 114 N. Third street.

Miss Emma Opperman, who had been visiting at the O. A. Neumann home on Strongs avenue, left for McMillan this morning.

Tillie Bannach has withdrawn from the Normal school because of ill health. She expects to make an indefinite stay with her parents at Custer.

Miss Ruth Cate, who is spending the winter with her sister, Mrs. W. J. Cronyn, at Milwaukee, visited in this city from Friday afternoon until Sunday.

Mrs. Elbert Urbahn and two sons left for their home at Plainfield this morning after spending the past two days with their sister and aunt, Mrs. O. A. Perry.

Leone E. Carley, a graduate from the Stevens Point Normal in 1914 and last year supervisor of manual training at Hudson, is now teaching in the schools of Johnstown, Penn.

Mrs. H. H. Clark of Linwood has been a patient at St. Michael's hospital for several days, undergoing treatment for rheumatic trouble. Her condition is now much better.

H. J. Levy has returned to his former position as night yardmaster for the Soo line, taking the place of Frank Webb, Jr., who has resigned. Mr. Levy had been working as switch foreman since spring.

G. J. Ehart, director of the local Vocational school, left today for Milwaukee to attend the state teachers' convention. A meeting of Vocational school directors and teachers will be held in connection with the convention.

Mrs. H. C. Perkins of Los Angeles, Cal., who had been the guest of Mrs. C. A. Gardiner for a few days, left for Ashland Tuesday to join her husband and where they are spending several days on business before returning to their home.

Mrs. S. N. Wilson and daughter, Mrs. C. W. Cops, returned home Monday from Marshfield, where they had been spending a couple of weeks at the home of Mrs. H. A. Vedder, another daughter of Mrs. Wilson.

A blaze was discovered last Sunday night in the basement of the residence of Mr. and Mrs. Charles Baird, 301 Normal avenue, behind a stove. The fire department was called out and extinguished the fire with pails of water, the damage being trivial.

J. R. Congdon has returned home from a few days' trip to Milwaukee and Chicago. He was at Milwaukee Sunday, with Mrs. Congdon and Miss Jessie Hawn, who are visiting there, having gone down the middle of last week. His son, James Congdon, was also there for Sunday, coming over from Rockford, where he is in training as a member of the 21st engineering corps of the United States army, as an electrical engineer.

Mrs. Walter Horne and little son, Charles, arrived here from Green Bay the last of the week and are visiting at the home of Henry F. Horne and D. J. Kelsey. They will remain here until their household goods arrive in Ligonier, Indiana, where Mr. Horne has preceded them to take up government work as land classifier. They will remain in Indiana for several months at least and may later go to Colorado. Mr. Horne had until recently been instructor in agriculture in the Green Bay High school.

USING NEW METHOD

As will be noticed by the market report published in this issue of The Gazette, potatoes are now being bought by dealers in Stevens Point by the hundred pounds instead of by the bushel. The change is made on recommendation of the government, the object being to facilitate supervision of costs from the producer to the consumer.

NORMAL NEWS

Miss Emma Ueland assumed her work in the home economics department last Monday morning.

Miss Edena Schaumberg left for St. Louis last Friday afternoon to assume her new position as teacher in one of the high schools of that city.

The rifles that were loaned by the United States government to the Normal some years ago have been shipped to Camp Custer, Mich. The rifles were of the old Springfield type. The total number of guns shipped was forty-eight.

Lynn Grover a graduate of this Normal some years ago, has resigned his position as manual training teacher in the public schools at Chippewa Falls to accept a similar position at Sheboygan. His resignation took effect last week.

Miss Pierce also attended the students' convention for "Relief in the war prisons of Europe" at Madison during the earlier part of the week. Miss Bronson and Miss Pierce represented the faculty, while Esther Kelly was the students' representative. It is thought that every normal in the state will form organizations to help war sufferers.

The following from the Normal will attend the Wisconsin Teachers' association convention, which will be held in Milwaukee on Thursday, Friday and Saturday of this week: President Sims, Misses Casler, Brewster, Killcullen, Tupper, Bowstead, Hussey, Allen, Whitney, Eimer, Buchanan and Jennings and Profs. Smith, Culver, Waterman, Ames, Neale and Swartz.

Miss Beanie May Allen entertained in honor of Miss Edena Schaumberg at a six o'clock dinner last Friday evening in the reception room at the Normal. A three course chicken dinner was served. The rooms were decorated in Hallowe'en effect. The place cards represented four pumpkins on a log, while candles of various colors reflected the autumn coloring. Nut dishes were made of crepe paper, within which stood paper witches. Yellow chrysanthemums were placed upon the table. In the center of the table was a hollowed pumpkin filled with nuts. The evening was spent very pleasantly informally.

COUNTY OVER TOP IN LIBERTY LOAN DRIVE

Remarkable Showing of City and Villages Ralls Up Big Total in Subscriptions

Sales By Banks

Security, Amherst Junction	\$ 12,300
Portage County, Almond	23,850
Bancroft State	5,200
Nelsonville State	4,650
International, Amherst	66,100
Arnott State	5,300
Rosholt State	22,700
Junction City State	3,650
Wisconsin State, city	40,550
Citizens National, city	116,850
First National, city	355,150
Total	\$656,300

Portage county, by a magnificent finish, went "over the top" in the second Liberty Loan campaign, which closed last Saturday night. A grand total of \$656,300 was subscribed for through the eleven national and state banks of the county, to which must be added approximately \$20,000, which is the estimated amount taken by Soo line employees who live in Stevens Point, through the railroad company.

Adding the amount estimated to have been subscribed for by the Soo line men to the amount handled through the banks, the county's total was \$676,300. There are undoubtedly enough other subscriptions which have not been accounted for to make the total sales in excess of the minimum quota for the county, or \$680,400.

The county's maximum quota was \$1,134,000. The city of Stevens Point, according to the 1917 report just compiled by Assessor of Incomes A. P. Ken of Amherst, has 21.97 per cent, of the assessed valuation of the county. Using this as a basis, Stevens Point's maximum quota of Liberty Bonds was \$249,150 and its minimum \$149,490.

The actual sales through Stevens Point banks aggregated \$12,550, or more than twice the city's maximum and more than three times its minimum. Even granting that a considerable amount of the subscriptions made through the local banks came from non-residents of the city, especially farmers in nearby territory, there can be no doubt that Stevens Point greatly over-subscribed its maximum quota. It is believed that there are few cities in the state or in the nation that made a better record than Stevens Point.

The villages, too, deserve credit for the manner in which they responded, as the list published above shows. Some of these communities made even a better record than the city, on a per capita basis, particularly Amherst, which led the county in this respect. The rural districts, where it was impossible to carry on intensive campaigns such as were conducted in the

The rural districts, where it was impossible to carry on intensive campaigns such as were conducted in the

The press, the schools the churches and many other organizations and individuals also helped; in fact it was only because everybody seemed anxious to do his bit when called upon that the fine record was made.

HIGH SCHOOL PATRIOTIC

The students of the High school have come to the front by over-subscribing for their share of Liberty bonds. The total amount of bonds subscribed for was \$3,150. This does not include the teachers' investments. Students in groups of five were frequent investors. One \$200 bond, and eight \$100 bonds were taken. The rest were of \$50. Practically all of the city school teachers subscribed for bonds.

POTATO CLUB FORMED

Seven boys of the town of Alban, at a meeting last Saturday, when County Agent J. M. Coyner was present, organized a junior potato club. Some of the boys participated in the calf contest during the past summer and are intent upon proving that they can raise potatoes as well as calves. Some of the members have already started preparing the soil in the one-acre fields they will plant to potatoes. Potato growing will be made a feature of the contest work in Portage county in 1918.

Old Age Is Coming

You will not always be strong and able as you are now. You will not always be able to earn as you have need. If you have a day of rest in the future it will be because you are making provision for it now. Make it a HABIT to lay aside a certain sum every week in a savings account, and then STICK TO IT.

It is simply a matter of using FORESIGHT. It is a first step toward financial independence. It is making present prosperity contribute toward future comfort.

Our savings department pays 3 per cent interest, adding the interest every six months. Open an account with us and save a certain portion of your earnings every year.

You can start a savings account in this strong bank with one dollar or more. All business confidential.

**DAYTON A. SIZER**  
Former Stevens Point Man, Well Known Railroad Worker, Is Dead

Dayton Ambrose Sizer, aged 53 years, died at his home at 115 Columbia avenue in Neenah at 8 o'clock last Thursday morning. All of the immediate family were at his bedside at the time. Mr. Sizer had been ill for about nine months and the cause of his death was a tumor on the bladder.

Mr. Sizer was born on February 22, 1864. He moved at an early age to Stevens Point, when he accepted a position with the Wisconsin Central railroad company at the age of 18 years. He was employed by that company until it changed hands. He then continued as a passenger brakeman for the Soo line up until his health became impaired.

He is survived by his mother, Mrs. Frances Sizer of Rice Lake, his wife and a son, Eaton Sizer. The body was brought to Stevens Point last Saturday for burial. The services were held from the residence of P. Barnett at 618 Strongs avenue, Rev. W. H. Studville of Neenah, officiating. The burial took place in Forest cemetery.

Those from out of the city who were present at the funeral were: Mrs. J. Patrick of Miles City, Mont., a sister of Mrs. Sizer, Mr. and Mrs. B. Price of Waupaca, Miss Barnett of Phillips, and Miss Lillian Clevetter of Neenah.

Mrs. Sizer before her marriage was Cora Eaton and practically lived here during all her childhood days.

The Sizers after living here for a number of years moved to Abbottford and from there to Neenah where they have been situated for the past seven years.

RETURNS TO MINNEAPOLIS

Miss Elsie Schenk, who had been spending a couple of months with her parents, Mr. and Mrs. C. A. Schenk, at their home on Normal avenue and at their cottage at Martin's Island, has returned to Minneapolis to resume her work at Northwestern hospital, where she is taking the training course for nurses. This is Miss Schenk's last year at the institution.

**New Goods Arriving Daily**

<b>Overcoats</b> —The new Trench Coats in many new patterns. A large shipment arrived this week. Let us show you. <b>Prices \$15 to \$35</b>	<b>Suits</b> —A large selection in all wool Suits and Suitings. Values to please. <b>Prices \$15 to \$40</b>

approved. There being six local insurance agents present who wished to address the members of the Board they were allowed to do so, which resulted in a better understanding regarding the McKinley school fire loss. It was moved and carried that the Insurance agents' board dictate a letter that would meet their needs to present to the insurance companies to open up the adjustment of the fire loss on McKinley building, this letter to be signed by clerk of school board. Insurance agents also promised to keep new rating for school building. It was moved and carried that new rating be left to insurance committee, with power to act.

Giragossian, a Boston Armenian, who has offered the government a "free energy generator," which will be tested by authority of congress. 4—Ruins of a French manufactory, typical of the towns which the Germans destroy everything in the districts from which they retreat.

# UNSHAKEN TESTIMONY

Time is the test of truth. And Doan's Kidney Pills have stood the test in Stevens Point. No Stevens Point resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony.

J. P. Chesley, 743 Stronge avenue, Stevens Point, says: "I suffered severely from rheumatic pains and though I tried a number of medicines I didn't get any permanent relief. Others of the family had used Doan's Kidney Pills so I got some at Taylor Bros. Drug Store. I took them with such good results that I didn't suffer again for years. I then had a slight re-attack but Doan's Kidney Pills again gave me quick relief."

OVER FOUR YEARS LATER Mr. Chesley said: "I again heartily recommend Doan's Kidney Pills to all sufferers of kidney complaint. I know they are fine."

Price 60 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the name that Mr. Chesley has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

Mean  
"He paid me a compliment."  
"That's queer. I didn't think you had one coming."

# NEWS AND VIEWS FROM HERE AND THERE

Fred Junion, a Door county farmer, abused a salesman and said "To hell with the Liberty Bonds." He was arrested and fined the price of two bonds, \$1,000, in addition to costs, \$12.50.

Marshfield Elks will put on a minstrel show Nov. 5 and 6. Miller & Draper, the New York company that has put on similar entertainments here, are in charge of the production, with Charles A. Gaa as director.

Sheboygan county, which contributed only about one-third of the allotted amount for the first Liberty Loan, went far over its quota for the second loan. Sheboygan county has many residents of German birth and descent.

Five copies of a petition asking submission at a special election of the question "Shall commission form of government be abandoned by the city of Portage?" are in circulation and are being generally signed by the voters.

Wallace Luther, living about three miles from La Crosse, had a premonition that he was going to die. He at once made detailed arrangements for the funeral, putting it all in writing. He was buried last week according to his wishes.

Milwaukee factories will buy potatoes by the carload and sell them at a price not to exceed cost to their employees as a war economy measure if the Loyalty Legion has its way. Officials are urging employers in all parts of the state to follow the plan.

The flight of wild ducks and geese this fall has been the largest in years along the Wisconsin river, due in part to the planting of wild rice and celery at many places. It is also claimed to be an evidence of the good results of the federal law prohibiting spring shooting.

Marshfield Herald: Pay-up week will be observed at Stevens Point from Oct. 29th to November 3rd. On these days a special effort will be made by everybody to settle for their debts. It sounds well and what a raft of trouble it would put at an end to if every community would do likewise.

Marshfield Herald: Lieutenants Melvin Kraus and Frank Normington, who have been stationed at Camp Green, Charlotte, N. C., have been transferred to Waco, Texas, and are now officers in Company A Marshfield. Lieut. John Kohl formerly with Company K, has also been transferred to Company A.

Miss Helen Cudahy, youngest daughter of Patrick Cudahy, the Milwaukee packer, threw herself from a trans-Atlantic vessel on Oct. 19, according to word received Saturday. Miss Cudahy was enroute to France to engage in Red Cross work. The excitement and strain of the trip is given as the cause of her act.

Petitions providing that a commission of eleven instead of three manage municipal affairs are in circulation at Superior. On the number of signatures received will depend whether a special election will be held to vote on the proposed change. Two citizens committees are already at work preparing for the expected fight.

By consolidating two districts in the town of Lawrence, Brown county has added another state graded school to its list, making 27 in all and placing that county ahead of all others in Wisconsin in that respect. Only after a year's fight during which time the question was before the circuit court was the consolidation brought about.

Appleton is the first city in the United States tooust the commission form of government. After one of the bitterest political fights ever waged there, it was voted to return to the aldermanic system, the majority being 589. The commission form was in effect in Appleton for seven years.

One Wisconsin negro, Napoleon L. Bond of Madison, received a commission at the training camp for colored officers conducted at Fort Des Moines, Ia. The additional report announced the list of successful students of the camp and it showed that Bond had won a first lieutenant's commission in the 888th central Postal Directory, at Camp Grant, Rockford, Ill.

It is understood that one of the most important bills taken up in the special legislative session will be that of granting more direct power to the State Council of Defense as to control of food prices. Under the law at present, the council has only power to make an inquiry into the cost of products, and if there is any price fixing done, it must be by the legislature in special session.

Bern Nelson, son of Congressman John M. Nelson and who was indicted for failure to register under the draft law, returned from Canada last week, registered at Madison and was arraigned in federal court. He pleaded not guilty and his trial was set for December. Nelson claims exemption on the grounds that he is manager of a farm and is thereby helping the nation, and that he is a married man.

Crazed by liquor and fearing detection as a deserter, Private W. Mozet, 24, said to be a member of Co. I, Thirty-sixth United States infantry, shot and killed C. Garland, village marshal at Prescott, Wis. He then turned his military automatic pistol upon himself, but inflicted only a slight wound, the bullet tearing through his chin. Mozet was arrested and taken to the county jail at Ellsworth.

Fromm brothers, who have a farm in the town of Hamburg, Marathon county, raised about 100 black or silver grey foxes this year, increasing their stock to more than 200. Last winter they sent a consignment of pelts to the fur sale at St. Louis, selecting those not wanted for breeders, and some of the pelts sold as high as \$800. They also harvested almost 2,000 pounds of cultivated ginseng this summer.

Wausau Record-Herald: The city received 607 pounds of rough fish from the Wisconsin Conservation commission and disposed of them quickly at the old Riverside hotel. The fish came in three cases, each weighing approximately 200 pounds. No perch were included in the shipment, the fish consisting of suckers and carp which sold at five cents a pound. The demand for fish was keen and fully twice as many could have been sold. In order to supply all who came the city was obliged to limit the amount sold to each person.

The patriotism of Wisconsin in establishing and observing the meatless and wheatless days has been given nation-wide recognition by the Federal Food Administration. Orders have just been issued by Herbert Hoover to the food administrator of every state in the Union designating Wednesday of each week beginning October 24 as wheatless day and Tuesday of each week beginning October 30 as meatless day. The order follows the success of this experiment in Wisconsin and instructions to the other states will be written from the experience of Wisconsin.

## FLEW FOR SIXTY HOURS

Lieut. Maurice Cleary, Native Stevens Pointer, Pilots Army Biplane In West

Maurice Cleary, native Stevens Pointer and son of Mrs. Margaret E. Doheney, now of Everett, Wash., is now a lieutenant in the aviation service of the United States army and is becoming an expert pilot. Mr. Cleary's father, Garret Cleary, who died some years ago, was at one time proprietor of the old St. James Hotel on the South Side. The family later moved to Everett.

An Everett newspaper of recent date contained the following interesting reference to Lieutenant Cleary: Lieutenant Maurice Cleary, son of Mrs. Margaret E. Doheney, of 3222 Grand avenue, is home from the San Diego aviation camp on a short furlough, Everett's first "make good" ace of the air, as military aviators are termed.

After passing through the rigorous examinations necessary for qualifying in this most interesting, most difficult and dangerous branch of the government service, Lieutenant Cleary says the hard work just started, for there were many subjects that cadets were compelled to learn, including mechanics, meteorology, wireless telegraphy, photography, map making, observation, bomb dropping, etc.

Lieutenant Cleary has mastered the rudiments of the varied requirements of a military aviator, most of which are learned on the ground, not in the air. He, for some years an expert automobile driver, speedily familiarized himself with the intricacies of the Curtis biplane and has been in the air as his own pilot for 60 hours, taking long flights from the island training ground over San Diego and far into the country.

The life in the aviation camp, says Lieutenant Cleary, is highly interesting. So many are the courageous young Americans seeking an opportunity to serve their country in this fascinating branch of the service that instructors do not devote much time to candidates who fail to show commendable aptitude for aerial work. Unless the novice learns within nine hours to handle the controls of the great war machines properly he is out of the running for military aviation.

## GOVERNMENT NEEDS CLERKS

The United States Civil Service commission announces an open competitive examination for computing clerk for both men and women, on Nov. 21 at Stevens Point and various other cities in Wisconsin. Vacancies in the forest service, department of agriculture, Madison, Wis., at \$900 a year, and in position requiring similar salaries, will be filled from this examination. It is expected. Full information can be obtained from R. C. Purcell, local secretary, at the Stevens Point post office.

## AN ENVIALE RECORD

The work of women contributed about 20 per cent of the success of the 1917 Liberty Loan campaign, according to a report made by the National Council of Women's organization of which Mrs. E. N. Spinler was chairman. An excellent work was done in the city. One of the secretaries, Miss Frances Hadecek, solicited subscriptions totalling \$8,500 in the Second Ward, which constituted her territory. Miss Hadecek devoted much time to the work and, when it is considered that most of the subscriptions she received were for \$50 bonds, established a record of which she may well be proud.

## MOTORCYCLIST INJURED

While Frank Peplinski, 401 Georgia street, was returning from a trip to McMill last Thursday afternoon, the motorcycle he was riding struck a rut in S. Church street, near Rice street, and losing control of the machine, he was thrown to the macadam pavement. The motorcycle fell onto him and he was knocked unconscious. Thomas Koback, deliveryman for the Skalski Co., happened along shortly after the accident and found Peplinski, who was fortunate to escape with bruises on his face and head.

"Misery loves company."  
"Not if the other fellow has bigger woes to talk about."

## REMOVE THOSE STAINS

Bulletin Tells How to Remove Spots From Garments and Fabrics

To give clothes a longer period of service, and to conserve garments or fabrics which may appear to be hopelessly stained, is the object of a new publication just issued by the United States Department of Agriculture. Lady Macbeth might have had less trouble with that spot if she could have read this bulletin on "The Removal of Stains from Clothing and Other Textiles." Uncle Sam says that if the housewife knows the cause of a stain, she can find a common-sense way to get rid of it by following the directions given in this bulletin. Methods are outlined for the removal of practically any kind of stain, from "acids" all the way through the alphabet to "whitewash." They have been tested by the home-economics experts of the department.

One of the first requisites in removing stains, says the bulletin, is to know the kind of fabric, which is spotted and, if possible, the nature of the stain. Some stain removers which will give admirable results on cotton or linen may, if applied to woolen or silk, remove pieces of the fabric as well as the stain. Likewise, stain removers which are entirely satisfactory for cleaning silk or woolen materials can not always be used for removing stains from vegetable fibres, such as cotton or linen. Similarly, treatment which will remove some stains immediately will cause those of a different nature to take firmer hold on the fabric.

The second cardinal principle in spot removal is to work while the stain is fresh. Cold or lukewarm water is usually the housewife's best bet for a first step, the bulletin indicates, if the nature of the stain is not known and if the fabric is not injured by water. Hot water should not be used until it is determined that the staining material is such that it will not be "set" by heat. Stains from meat juice, blood, egg, milk, and other materials containing protein are set by hot water.

If stains are of such a nature that they will not yield to laundering or sponging with water or with water and soap, it is necessary to use one or more of a number of chemicals. Besides water and soap the bulletin names as the substance most useful in removing stains, Javelle water, potassium permanganate solution, oxalic acid solution, ammonia water, carbon tetrachlorid, French chalk, and cream of tartar, each of which may be used successfully, provided the right one is used at the right time. Detailed instructions for treating various stains are contained in the publication. Copies of the publication, Farmers' Bulletin 861, may be had free so long as the supply lasts, on application to the United States Department of Agriculture, Washington, D. C.

## "HIS BROTHER'S KEEPER"

How may clean, careful, and intelligent parents protect their children and themselves from the contagious diseases and other evils which infest the homes and neighborhoods of unclean, careless, and ignorant people? This is a question which has agitated mothers and fathers throughout the history of educated mankind. The complete answer has not been found.

This much we know, however, that, as much as those who are sick with pestilences spread their own affliction to others, our own safety is dependent upon making others safe. This is another instance in which the biblical question: "Am I my brother's keeper?" must be answered affirmatively. In this one, however, it is not just one of conscience, alone, but of selfish, personal interest as well.

In their efforts to free themselves from needless suffering, preventable loss, and premature death, people are confronted with the necessity of giving as much attention to their physical lives and health as to their souls. What does it profit the individual to free his fields from weeds if his neighbors' corn is blighted? His care of his body is his profit; his neighbor's health is his neighbor's loss.

Just as with contagious diseases, the individual who keeps his stuffing clean and his home and away from the contagion of disease is doing his duty to his neighbor. It is only a question of time that his health will be his neighbor's health.

It is only a question of time that his health will be his neighbor's health. It is only a question of time that his health will be his neighbor's health.

The establishment and proper maintenance of health inspection is not primarily a charity but a measure of self protection. Its value lies in the realization that preventing disease is much cheaper than curing it.

## ADVANCE IN PRICE

The Chicago Tribune having advanced its subscription price, it is necessary for The Gazette to advance the combination subscription price of the two papers. From now on the price of The Gazette and Chicago's greatest newspaper, the Daily Tribune, both for one year, will be \$6.15. This rate applies to rural districts as well as cities and villages.

BETTER FARMING - BETTER BUSINESS - BETTER LIVING

## START WITH EWE LAMBS

For inexperienced sheep raisers there are several important advantages in purchasing ewe lambs instead of mature breeding ewes. In the first place, says the United States Department of Agriculture, the ewes of breeding age that are offered for sale are mostly western ewes with a long-wool cross, while the ewe lambs from the West are mostly black-faced lambs, thus showing a cross of some of the Down breeds, which is the kind of blood most farmers wish to have in their flocks. By buying such ewe lambs one gets the advantage of starting with the first cross of the type to be used in grading up a flock to the mutton type.

Moreover, good breeding ewes are selling high. Lower prices are unlikely, as the demand is strong and the available supply is small. With probable high prices for mutton and wool in the future the farmer who understands sheep and will properly care for them from the start has good prospects of success.

While breeding stock is selling high, the ewe lambs can be bought at about \$5 a head less than breeding ewes. This is an important point in starting a flock, although until the lambs come to a breeding age no returns from the flock will be forthcoming except the wool clip. However, for the beginner in sheep husbandry, no better plan of obtaining experience could be adopted than in caring for a flock of ewe lambs for a year. The experience gained in wintering ewe lambs and managing the flock throughout the summer season would be invaluable.

## CREAMERY ACCOUNTS

A uniform accounting system for county creameries has been completed by specialists of the Office of Markets and Rural Organization of the United States Department of Agriculture. The system, which is adaptable to large and small creameries, is described in a new publication of the department, Bulletin 559, "Accounting Records for Country Creameries."

## SAVE SKIM MILK

Although skim milk is recognized as having great value in feeding animals, the United States Department of Agriculture points out that its value as human food should be kept in mind. By substituting grain, green feed, buttermilk, and whey in animal feeding, much skim milk may be left for human use as a beverage, in cooking, condensing, or for making cottage cheese. Only the surplus of this valuable human food should be fed to stock.

While milk is good for stock, the fact remains that its highest efficiency can not be had through turning it into meat. Skim milk is used most economically in animal production when fed to hogs, yet it takes 20 pounds when fed alone to produce 1 pound of pork. The same quantity will make 3 pounds of cottage cheese. In addition cottage cheese contains 1 1/2 times as much protein and one-third as much energy as pork, so that the skim milk in the cheese form gives quite as much energy and 4 1/2 times as much protein as it would if converted into ham or bacon.

Even at the highest prices recently paid for hogs, skim milk fed to them is worth not more than 1 cent a pound. Yet 1 cent a pound, or approximately 1 cent a pint, is very cheap for any human food, and particularly for a food so high in nutritive value as skim milk.

## A GEOLOGICAL SURVEY

One Is Being Completed By State In Town of Eau Claire For Official Report

A detailed geological survey of 36 governmental sections in the town of Eau Claire, comprising a tract of 36 square miles in the northwestern section of the town, is being conducted by the Wisconsin Geological Survey and is nearing completion. Eau Claire is one of a group of five towns in which geological surveys have been made this season, the other towns being Sherry, Siegel and Rudolph, in Wood county, and Carson, in Portage county.

The functions of the Wisconsin Geological survey, as stated in the blue book, are as follows: "To make a study of the rocks of the state with reference to ores, building stones, road materials, lime, clay products, and other valuable mineral resources; the soils of the state; the plants; the animal life with special reference to fish, their distribution, food, enemies; the physical geography of the state, to be prepared in form suitable for use as school material; and the water power of the state. It is also directed to compile the topographic map of the state, in cooperation with the United States Geological Survey."

The survey in Eau Claire, as was the case also in Carson, is being made along these lines. The surface is being mapped, showing the hills, valleys, marsh lands, roads, cleared lands, woods, churches, schools, etc. The survey also includes a geological map showing the different geological formations of the town, and a map showing the distribution of the various minerals. All maps and reports are being prepared and will be ready for publication in the near future. The survey is being conducted by the Wisconsin Geological Survey, under the direction of W. O. Woodworth, state geologist. This is year four of the survey.

ed by specialists of the Office of Markets and Rural Organization of the United States Department of Agriculture. The system, which is adaptable to large and small creameries, is described in a new publication of the department, Bulletin 559, "Accounting Records for Country Creameries."

That there is great need of standardizing account keeping in this field of business is recognized by those who have come in contact with it. This system has been developed and perfected in actual operation in a number of country creameries, and being uniform it can be used by the various types of creameries, from those privately owned and operated to cooperative concerns. The Department of Agriculture is prepared to furnish printer's copy of the forms comprising the system, and in so far as practicable to render assistance through its representatives to creameries desiring its installation.

## SAVE SKIM MILK

Although skim milk is recognized as having great value in feeding animals, the United States Department of Agriculture points out that its value as human food should be kept in mind. By substituting grain, green feed, buttermilk, and whey in animal feeding, much skim milk may be left for human use as a beverage, in cooking, condensing, or for making cottage cheese. Only the surplus of this valuable human food should be fed to stock.

While milk is good for stock, the fact remains that its highest efficiency can not be had through turning it into meat. Skim milk is used most economically in animal production when fed to hogs, yet it takes 20 pounds when fed alone to produce 1 pound of pork. The same quantity will make 3 pounds of cottage cheese. In addition cottage cheese contains 1 1/2 times as much protein and one-third as much energy as pork, so that the skim milk in the cheese form gives quite as much energy and 4 1/2 times as much protein as it would if converted into ham or bacon.

Even at the highest prices recently paid for hogs, skim milk fed to them is worth not more than 1 cent a pound. Yet 1 cent a pound, or approximately 1 cent a pint, is very cheap for any human food, and particularly for a food so high in nutritive value as skim milk.

## A NEW VOLUNTEER

John Albert Mizia, a young resident of New Hope, has enlisted in the United States army at Jefferson, Barre, Mo., for the duration of the war, according to information received by the Portage county commission board. He is in the infantry, unassigned. Mizia was registered in the town of New Hope. His order number was 840, placing him among those who will be called next for examination.

## HELD SPECIAL SERVICE

A special service, to which students of the Stevens Point Normal were especially invited, was held at St. Paul's M. E. church Sunday evening. The Teachers Club of the school organized the affair and let the young men and women of the Normal school act as ushers. Rev. G. M. Callahan, senior pastor of the church, presided.

### Say Bunte when You Want the Best COCOA

THE name, Bunte, and tasty goodness are synonymous. The name is your protection — your assurance that your cocoa comes from the choicest products that Nature can supply.

Good health comes in every tin of Bunte Cocoa — for Bunte's is rich in true food value — not heavy like other cocoas, and contains no drugs with habit forming tendencies.

Your good grocer carries Bunte Cocoa

### Bunte Brothers, Chicago

Makers of world famous Bunte Candies and Cough Drops

## SOCIAL HAPPENINGS of INTEREST

The home of Dr. J. W. Bird on Ellis street was the scene of a merry gathering of about thirty boy and girl friends of Miss Allene Bird last Friday evening. As the occasion was to be a "Related Picnic" everything was planned to carry out the meaning of the term. Cedar and spruce trees were mounted and placed in the dining-room, parlor and alcove and formed some pleasant retreats for picnic couples. Bittersweet and evergreen were used to twine over the archways and around the chandeliers, while the pictures, bookcases, piano and china-closet were banked with oak leaves. Strange to say there were snakes in the bushes and birds and hornet-nests in the trees. In the alcove Mrs. W. R. Cashin had charge of a non-corn and lemonade stand, which is a necessary adjunct for a picnic party. Pictures of prominent people were hung in the various rooms and the guests were given programs and asked to guess their names. Ovid Meyer made the highest score and received a box of chocolates as a prize. William Hogan won the second contest by answering the greatest number of questions about a watch and was also given a box of chocolates. At ten o'clock a lunch was served in picnic baskets, after which games, music and dancing of the Virginia reel completed the evening's entertainment.

Miss Grace Doxrud, daughter of C. O. Doxrud of Nelsonville, and Palmer Howen, son of Mr. and Mrs. Thomas Howen of East Nelsonville, were married at the Norwegian Lutheran church at Nelsonville at 5 o'clock last Thursday afternoon. The ceremony was performed by Rev. F. Magelssen and was witnessed by only immediate relatives. The young couple were unattended. A wedding dinner was served in the early evening and Mr. and Mrs. Howen afterward motored to Waupaca, where they boarded a southbound train, going to Madison for a few days' visit. They will make their home on a farm a mile and a half east of Amherst. Both young people are well known and highly regarded in their home communities and sincere good wishes will go out to them.

Miss Paula Kalisky, who had been at the home of her parents, Mr. and Mrs. David Kalisky, for the past couple of weeks, returned to Wausau Saturday evening for a short visit. While there Miss Kalisky will be the guest of honor at a series of showers given in anticipation of her approaching marriage to John Baum of Pittsfield, which event will take place on Sunday, the 18th of November, at the bride's home in this city. Miss Kalisky has been employed as a stenographer by the Bhatties Insurance Co. of Wausau for the past four years.

The first of a series of six dancing parties, for Masons and their families, was held at the Masonic temple last Friday evening and proved to be one of the most successful of the many pretty affairs the Masons have given in recent years. Thirty-six couples were present and dancing was in order from 8 to 12, after which lunch was served. Weber's orchestra played for the dance program, which included one-steps, two-steps, waltzes, rye waltzes and circle two-steps.

Milwaukee Free Press: At the home of Mr. and Mrs. John L. Haney at high noon last Saturday, in Algoma, their eldest daughter, Miss Olga B. Haney, was married to First Lieut. Dana B. Dishmaker. The wedding ceremony was of the Episcopalian ritual. Rev. Father Kleb of Green Bay officiating. Miss Phoebe Jones of Wausau was bridesmaid and E. G. Bach of Stevens Point attended the bridegroom. The bride is a graduate of Milwaukee-Downer college.

Miss Hanna D. Aalberg, former head nurse at River Pines sanatorium, and Harold Suhs of Port Edwards were married at the home of the bride's parents, Mr. and Mrs. Peter Aalberg, at Madison on Wednesday, October 17. Miss Aalberg was graduated from the Augustanna training school for nurses, Chicago, and her husband is a graduate of the University of Wisconsin, department of engineering. Mr. Suhs is engaged in the automobile business. The couple will reside at Port Edwards. Miss Laura Killian of River Pines attended the wedding, which was a quiet home affair.

Another of the series of informal dancing parties will be given by the Elks in their hall on Friday evening, Nov. 2, from 8:30 to 12. Weber's orchestra will play. Lunch will be served at midnight.

A pretty "pink and white" wedding, in which two popular Stevens Point young people were the principals, took place at St. Joseph's Catholic church at 9 o'clock Monday morning, when Miss Margaret Mary Karner became the bride of Peter Francis Konopacky. Rev. H. J. Ehr officiated. Miss Karner wore a handsome gown of chiffon and white satin, trimmed with silver lace, and she carried a shower bouquet of white roses and lilies of the valley. The bridesmaid was her sister, Miss Madge Karner, who was attired in pink crepe meteor, with gold lace trimmings, and carried pink roses. The flower girl, little Miss Marie Schmitt, a niece of the bride, wore pink crepe de chine, trimmed with white lace, and carried a basket of pink carnations. Joseph Konopacky of Ashland, a brother of the groom, was bestman.

A wedding breakfast was served at 11 o'clock and dinner at 2 at the home of the bride's mother, Mrs. Theodor Karner, 328 Fremont street. Among the thirty relatives and

friends present were the following from out of town: Mrs. Frances Konopacky and sons Joseph and Edward, mother and brothers of the groom; Ashland: Mrs. Grace Harshaw, a sister of the bride, Chicago, and Miss Mary Zinnel, Fond du Lac.

Mr. and Mrs. Konopacky left on one of the early Soo trains Tuesday on a two weeks' wedding trip, during which they will visit at Chicago, Bay City, Mich., and Ashland. On their return they will begin housekeeping at 831 Ellis street.

Mrs. Konopacky is a lifelong resident of Stevens Point and during the past few years was employed at the Frost fishing tackle factory. Her husband has lived here for seven years, coming from Ashland, and is a well known freight brakeman on the Soo line. Both have a wide circle of friends, who will wish for them many blessings.

\*\*\*\*\*

About twenty members of the Westminister club attended a Hallows' party at the Presbyterian church Monday evening. A six o'clock dinner was served in the dining rooms, which were appropriately decorated. An informal social period followed, during which there was fortune telling by Mrs. C. F. Raymond and various other forms of amusement and entertainment.

\*\*\*\*\*

The marriage of Miss Mary Leninski and Albert Marshall, both of Stevens Point, was solemnized at St. Peter's Catholic church at 8 o'clock Tuesday morning. Rev. S. A. Elbert officiating. The attendants were Miss Anna Leninski, Miss Verona Printz of Milwaukee, Lambert Gagas and Alex J. Leninski. Theresa Leninski was the flower girl. The bride's dress was of white taffeta, trimmed with Georgette crepe, while the bridesmaids were attired in green taffeta with silver lace trimmings. A wedding dinner was served at the home of the bride's parents, Mr. and Mrs. Peter Leninski, 803 Washington avenue, twenty-four guests being present. Mr. and Mrs. Marshall will make their home in Stevens Point. The groom is an employee of the Wisconsin River Paper & Pulp Co.

Miss Martha Wilson, who is soon to be married to Alfred T. Mowal, was the honor guest at a miscellaneous shower given by Mrs. Allen C. Roh, held at her home on Water street last Thursday evening. Thirty young ladies attended, including Miss Beebe Wilson of Amherst, a cousin of the prospective bride.

Mr. and Mrs. W. W. Mitchell, who have lived in Stevens Point for 46 years, quietly observed their golden wedding anniversary last Saturday at their home on Clark street. There was no formal celebration, but the occasion was none-the-less interesting for the store of memories it served to bring to mind.

William W. Mitchell and Miss Clara Z. Blake were married at Mosinee on Oct. 27, 1867, by Rev. J. Anderson, presiding elder of the M. E. church. They came to Stevens Point in the spring of 1874 and have lived here continuously since then. They built the house they now occupy in 1874.

Mrs. Mitchell was a daughter of Mr. and Mrs. Nathan Blake and was born in Vermont of old New England stock. She came with her parents to Mosinee in 1856. Her father was a pioneer merchant there.

Mr. Mitchell was a native of Scotland, but came to this country with his parents when he was three years old, the family settling at Waupaca, where he was reared. Mr. Mitchell served with Co. I, 7th Wisconsin Volunteers in the civil war and was wounded in the second battle of Bull Run, being shot through one of his arms and through his side.

After his discharge from the army Mr. Mitchell went to Mosinee, where his father had become interested in a flour mill in 1860. When Mr. Mitchell came to Stevens Point he established a grain warehouse and later installed a portable feed mill. From this beginning developed the saw mill and rye flour and feed mill which he still operates at the west end of Main street, near the place where George Stevens, after whom the city was named, established his merchandise transfer station.

Mr. and Mrs. Mitchell are both in good health and young in spirits.

Miss Emily Weiher of Milwaukee and Dr. V. J. Shippy of this city were the guests of honor at a six o'clock dinner given by Mr. and Mrs. J. J. Bukolt at their home on North Second street last Sunday evening to a small company.

### SOO TRAIN DITCHED

The Soo line "scoot" which runs between Stevens Point and the two paper mills, carrying mill employees to and from work, went into the ditch a short distance this side of McDill shortly after 5 o'clock Monday afternoon. The train was bound for the mills and was carrying about 20 passengers. The engine left the rails first, and tipped over, and was followed by three coaches. None of the passengers or members of the train crew were injured and the property loss was not great. The track was torn up for a distance of a hundred feet or more. The Portage passenger train, due here at 8 p. m., was detoured over the Green Bay & Western via Plover. A wrecking crew in charge of J. H. O'Brien, yardmaster, cleared the track. The train was in charge of Engine Foreman A. G. Means and Engineer Charles Anderson.

### TO WACO FOR WINTER

Mrs. B. F. Bowen of Minneapolis had been spending the past week with her sister, Mrs. C. A. Green, at Appleton. The latter lady expects to leave in a short time for Waco, Texas, where her husband is at present a major in the army. From there Mrs. Green will go to Los Angeles, where she will spend the winter. Mrs. Bowen returned to Stevens Point during the earlier part of the week and spent a few days with Mrs. Elizabeth Collins, 217 South Third street, before returning to her home in Minneapolis Tuesday.

### OUR MARKETS

Grain and feed quotations are given us by telephone every Wednesday noon, by the Jackson Milling Co. Frank Jersak furnishes prices on meats, butter, eggs, etc. Krambs Hardware Co., prices on hay, and Alois Firkus on potatoes. Farmers and buyers can depend on them.

BY THE GAZETTE'S CORRESPONDENTS

## AMHERST

James J. Nelson left Sunday morning for a trip to Montana. Mrs. Hughes of Coloma is visiting her daughter, Mrs. F. H. Cramer. Martin Glodowski of Fancher subscribed for a \$1,000 Liberty Bond. Mrs. Amelia Miller, who had been visiting friends at Nielsville, returned home Wednesday.

Mrs. L. Melang of Wausau was a guest at the August Price home last week.

Mrs. C. J. Iverson and Mrs. C. E. Smith were in Waupaca last Thursday.

The Liberty Loan drive in the village of Amherst netted \$66,100.00 from 281 subscribers.

Carl Utgaard, who had been at Rockford, Ill., for some time, came home Saturday.

Soo Agent F. H. Cramer has installed electric lights in his home during the past week.

Mr. and Mrs. Jesse Lea celebrated their 60th wedding anniversary last Friday. The guests were their three sons, Wm. of Wausau, Ralph of Lanark, and A. H. of Portland, Oregon.

Evidently we will have a Boy Scout club here in the near future. Several of the boys had been trying for some time.

Mrs. A. E. Dwinell went to Stevens Point Saturday for an over Sunday visit with her parents, Mr. and Mrs. S. T. Foxen.

Mrs. E. T. Johnson will go to Milwaukee Wednesday to attend the State Teachers' Association which will be held this week.

Mr. and Mrs. A. L. Rounds went to Oshkosh Friday on a business visit and incidentally to hear Fisk O'Hara on Friday evening, returning Saturday evening.

Snow, snow, snow and more snow. With the wood pile most gone, and a coal famine on in Amherst, and the potatoes not all dug yet. Who wanted to see snow anyway?

time to get a scout master, but without success. Finally they made a drive on the postmaster, who told them he would try and help them out if the consent of the Postmaster General could be obtained. No objection is looked for. The following boys signed up Saturday: Earl Lawton, Mearl Sheppard, Geo. Weller, Bennie Zeno, Willie Zeno, Edward Starks, Arthur Cramer, Vivian Johnson, Claire Peterson, Florian Fleming, Lloyd Larson and Benjamin Fleming.

## WEST EAU PLEINE

Gust Borth is at Mosinee assisting in plastering the Frank Borth new home.

Evar Johnson has been visiting his parents and friends in the village for a few days.

John O. Johnson, who visited his home for a week, returned to dredge work in Illinois.

China Mission meeting will be held at the home of Mr. and Mrs. Evar Wicklund next Friday evening.

Rev. Becker of St. Paul and Rev. Carlson of Minneapolis held services at the Swedish Free church last week Tuesday.

Estella Swanson returned last Thursday from a few days' visit with her sister, Mrs. Joseph Johnson of Stevens Point.

Miss Clara Prell of Stevens Point resumed her duties as teacher this week in the Pitt district after a few weeks vacation.

Evar Johnson returned from Stevens Point last week Tuesday where he spent a few days visiting at the home of his brother, Joseph.

Mr. and Mrs. G. Berg and Ephraim and Bernice Berg have returned from a visit to Chicago and Winnetka, Ill. The trip was made in their car.

## PLAINFIELD

Lloyd Lamb is now employed at the Smoke Shop.

Mrs. F. B. Rawson is numbered among the sick this week.

W. B. Angelo of Stevens Point was a Plainfield visitor Monday.

Robert Spees of Rhinelander was a guest of relatives here the past week.

W. H. Fields went to Montello Saturday for a couple days' duck hunting.

Lewis Ocain of Grand Rapids was renewing old acquaintances here last week.

Roy Spear came over from Clintonville Monday for a few days' visit with home folks.

George H. Duncan of Waupaca arrived last week for a visit with his son, Gilbert and family.

Mrs. Mary Lord left Wednesday last week for the Veterans' Home, where she expects to spend the winter.

The Misses Hazel Snyder and Rosella Walker were guests of Stevens Point friends Wednesday and Thursday of last week.

Mr. and Mrs. D. R. Vickers left Tuesday for their new home at Platteville. The best wishes of their many friends will go with them.

Kenneth Hubbard came up from Fond du Lac Saturday night and spent Sunday at the home of his parents, Mr. and Mrs. Jas. Hubbard.

Mrs. C. Johnson and son Hugh came down from Sheridan Thursday

for a visit at the Buchanan Johnson home, returning to Sheridan Saturday.

Plainfield friends were sorry last week to hear of the serious illness of Mrs. W. B. Angelo of Stevens Point. Mrs. Mary Coon went up to the city last week to help care for her daughter.

F. A. Walker has improved so much as to be able to walk upon our streets Saturday. His many friends are pleased to see him out again, after being confined to the house for so long.

W. H. Youngman has moved his household goods here from Wautoma, and Plainfield friends welcome him and his wife to Plainfield again. They are now settled in their home east of F. A. Walker's.

Mrs. E. J. Dorwin and little son of Saco, Montana, arrived here Monday and are guests at the Eastling home in this village. Mrs. Dorwin was formerly Miss Nellie Eastling and Plainfield friends are all glad to see her home.

Mr. and Mrs. Jas. Ingle, who have been spending a couple of weeks at the home of their daughter, Mrs. J. D. Lindores in Stevens Point, arrived home Thursday, accompanied by Mrs. Lindores who made a short visit here.

Miss Lenah Lamb, who has been suffering the past three months with rheumatism and leakage of the heart, is not so well. Many friends sent her a postal card shower Tuesday, it being her birthday. She also received many other tokens of remembrance. All hope that she may have a speedy recovery.

A large party of friends and neighbors gathered at the Ed. Dolan home Saturday night to help Mrs. Dolan's mother, Mrs. E. B. Schatzka, celebrate her birthday. The evening was very pleasantly spent by all and after refreshments were served they departed wishing her many more happy birthdays.

## NORTH COUNTY LINE

Joe Bimmon is building a new barn. Ira LeSelle was a Stevens Point caller last Friday.

Arthur Steuck is doing carpenter work at the Brenning home.

We are sorry to hear of the death of Mrs. Joe Prausa, formerly Kate Farrell.

The new house on the Galvin farm is being plastered by Frank Roberts of Stevens Point.

George Watruba and his brother, Ed. Watruba of Stevens Point, visited at the Galvin home Sunday.

Clarence Liezen, Paul Binder and Charley Kummer are working on the telephone line near Junction City.

## ALMOND

Nick Burns was a Stevens Point caller Sunday.

Mrs. Lizzie Gray of Lanark is visiting at the Gene Boushley home.

Born to Mr. and Mrs. Gene Boushley, a daughter, Norma Anna, Oct. 13, 1917.

Quite a few from here attended the Plover dance Friday evening. All report a good time.

Mr. and Mrs. Robert Carson and Gust Davidson of Almond Sundayed at John F. Smith's.

Mr. and Mrs. William Frost and son Melvin spent last Wednesday afternoon at Mr. W. C. Patterson's home.

Harry Vaughn, Mildred Smith and Thelma Boushley spent Friday evening in Stevens Point. They were accompanied home by Miss Nell Smith, who attends the Normal.

## MECHAN

The winter term of school commenced Monday with Miss Minnie Peterson of Amherst as teacher.

John Fors expects to move with his family up to the paper mills near Stevens Point soon. Mr. Fors is employed at the mills and the move will make it much more convenient for him.

Some farmers here who have heavy teams have them at work for the mill and factory companies near by. The demand for laborers and the prevailing high wages are quite an inducement for those in a position to take advantage of the conditions.

Some of our potato growers who still have their crop on hand are rather puzzled since the price dropped from \$1.15 to \$.85. The crop was pretty good here and they were rushed to market fast, consequently down goes the price.

Our hustling town chairman, Dennis Parks, was working the sale of Liberty Bonds last week, with good success. Most people in our little burg are loyal and patriotic and believe in standing firm for the good old United States of America, which is truly the land of the free and the home of the brave.

Say, Mr. Editor, can you tell us if the sun is going to shine any more this fall? Now, down here at Mehan, first it rains, then it snows a lot, then it freezes up tight, then repeats, and does the same thing over again. But it very likely does the same up there where you live so we won't go

into details about it. Of course we are not raising our voice in remonstrance to the works of Providence as we are satisfied with our lot, but honestly, we would like to see some more good weather this fall.

## MILLADORE

W. A. Roblier was the guest of Mr. and Mrs. Dyer Sunday.

Miss Helen Empey visited with friends Saturday and Sunday.

Mrs. A. Bluett spent a few days with her mother, Mrs. B. Benish.

Claude Jackles of Chilton visited Mr. and Mrs. J. Shirek Saturday and Sunday.

Martha Konopa was home for a week end visit with her parents, Mr. and Mrs. Chas. Konopa.

One of our mightiest nimrods succeeded in bagging four ducks, at a dollar per duck. They were tame ones.

The Clark home has been quarantined for the past few days, little Dorothy being very sick with diphtheria.

Agnes Prausa, who has been attending High school at Ladysmith, returned home Sunday night to attend the funeral of her aunt, Mrs. J. N. Prausa.

Mrs. J. N. Prausa, who had been sick in the hospital at Green Bay for the past couple of weeks, passed away Saturday, as the result of an operation for goitre. The funeral was held Tuesday morning at St. James Catholic church.

## BANCROFT

Miss Eliza Ragan is on a visit to friends at Waukau.

Leonard Roberts was a Mosinee visitor the past week.

Miss Miller visited home folks at Westfield over Sunday.

Earl Sans is employed at the railroad yards in Stevens Point.

E. E. Soule of Almond was greeting acquaintances here Thursday.

Mrs. Weld spent the past week with her husband at Hancock.

Mrs. Burton Fox of Plover visited at the Ragan home last week.

Mrs. Martin Manley had dental work done in Almond last Friday.

Jesse Worden of Kellner was a business visitor here Wednesday.

Mabel Brown of Hancock spent Sunday at the Wm. Peppers home.

Ed. Herrick of Ripon visited at the O. W. Waterman home the past week.

Mrs. Joe Adams visited relatives and friends at Coloma the past week.

Louis Summers of Milwaukee visited at C. E. Hutchinson's Wednesday.

John Lowe and daughter Esther were Stevens Point visitors Thursday.

John Worden, game warden from Plainfield, was in our village last week.

Miss Laura Rosell visited with relatives and friends at Nekoosa the past week.

Barnesdale's moving picture show held forth at M. W. A. hall Monday evening.

Jerome Starks of Plainfield was a welcome caller in our village Wednesday.

Mrs. Henry Shiebo of Dorchester is visiting her sister, Mrs. C. E. Hutchinson.

August Woyach of Finley arrived Thursday, called here by the illness of Mrs. Woyach.

Harley Brewster was a caller in our village Sunday evening enroute to Stevens Point.

Macnish, the shoe man from Stevens Point, paid our village a call the first of last week.

Delbert Wilcox has gone to work with the bridge crew on the Chicago and Northwestern railroad.

Mrs. Lydia Hutchinson visited friends and relatives in Stevens Point and Waupaca the past week.

Miss Melrose Rosell, who spent the summer in Milwaukee, visited Miss Martha Daberkow over Sunday.

Mrs. August Woyach has been confined to her bed the past week at the home of her brother, John Guth.

Our Red Cross Society has changed its meeting date to Saturday afternoons only, in the M. W. A. Hall.

Mr. and Mrs. Harold Ostrum have moved into the W. J. Smith house, recently occupied by James Clouse.

Mrs. Will Fuller of Marshfield visited her parents, Mr. and Mrs. John Wilson, the first part of last week.

Miss Erma Pratt, who is attending Stevens Point Normal school, visited at home here Saturday and Sunday.

Mr. and Mrs. James Rozell, A. W. Pratt and Ed. Sherman transacted business in Stevens Point last week.

Edward Manley has gone to Hartford, where he will be employed by the Kissel Kar company for the winter.

Mr. and Mrs. Allen Potter welcomed a baby girl to their home, Oct. 22nd. Mother and baby are doing fine.

Mr. and Mrs. Charles Manley welcomed a baby daughter to their home Monday, October 29th. All are doing well.

The Misses Florence Bourn and Maud Rice went to Stevens Point Sat-

urday and visited home folks for a day.

Mr. and Mrs. F. C. Morgan and Mr. and Mrs. O. W. Waterman were Stevens Point business visitors last week.

James Rozell has purchased the Livery business from Ed. Sherman and took possession last Wednesday morning.

J. D. Kelsey, our popular game warden, was looking after some alleged violators of the game laws here Saturday.

The Misses Sadie and Nettie Worden of Kellner were Sunday guests of their grandparents, Mr. and Mrs. J. Worden.

F. C. Morgan has begun the erection of a barn 16x24 feet. F. G. Hutchinson and Fred Gibson are doing the work.

Carl Gustin moved his family to town Monday. They will occupy the George Felch house, which Mr. Gustin purchased recently.

P. W. Holte of Chicago, was in this vicinity the first of the week looking after property he lately acquired, known as the Shannon farm.

Our school children enjoyed a Halloween party at the school house Monday evening, under the auspices of the teacher. All present enjoyed themselves.

Mr. and Mrs. Guy Gardner of Grand Rapids visited at the R. S. Rogers home Saturday and Sunday.

Mr. and Mrs. R. S. Rogers were Grand Rapids visitors Sunday.

We wonder as we look around over the snow covered fields if the weather man is not a little in advance, or are we behind the times? Sleights running Oct. 29th with good indications that they can continue to run.

The Ladies' Aid Society enjoyed a very pleasant afternoon with Mrs. C. E. Hutchinson last Wednesday.

Our next meeting will be held with Miss Eliza Ragan, Wednesday afternoon, November 7th. A cordial invitation is extended to all.

At a patriotic meeting held in M. W. A. hall last Friday evening, District Attorney Pfiffer and T. H. Hanna of Stevens Point delivered very able addresses, urging the purchasing of the Liberty Bonds. We trust it will be our good pleasure to have these gentlemen with us again.

Mrs. Gilbert Ellis received word Monday morning that her mother, Mrs. Sparks of Pittsville, had passed away, having been found dead in bed at her home Sunday morning.

Mrs. Ellis and daughter, Mrs. Hedden, Mr. and Mrs. George Sparks and Will Sparks left Monday to attend the funeral.

## DANCY

Mr. and Mrs. Floyd Williams are the happy parents of a young son, who arrived at their home last Saturday morning.

H. A. Blaisdell and family moved to Mosinee a few days ago, where they are now busily engaged in erecting a new residence.

Now that Marathon county went "over the top" on the Liberty Loan this end of the county can feel very satisfied at the showing it made.

Miss Lillian Kearney of Winton, Minn., who is now a student at the Stevens Point Normal, visited the last of the week with Miss Evelyn L. Knoller.

Christmas weather caught many people with wood piles out of doors, when they were fortunate enough to have the wood piles. It also draws on the farmers' winter feed supply to have to feed their stock so early in the season.

The writer with many others extends congratulations to the Stevens Point Gazette upon its moving into the fine new building and wish for the paper continued success. The Gazette has for many years been recognized as a leading local paper with an unusually large circulation.

While jumping onto a wagon—a very pernicious habit many of our little boys are prone to—Chester, the little son of Mr. and Mrs. Rogers, had one of his legs broken a few days ago. Dr. Daniels of Mosinee was called and reduced the fracture and the little boy is as comfortable as can be expected.

The Red Cross meeting held in A. Feit's hall, Knowlton, last Saturday afternoon, was well attended, notwithstanding the inclement weather and mad roads. A charter is being asked for, as the Knowlton-Dancy charter will not be an auxiliary. Mrs. C. B. Bird and Mrs. B. F. Wilson and Miss Frances Albers of Wausau were present and explained the different phases of the work to the ladies. During the hours of the meeting Mr. Feit hailed all auto traffic going that way and the Red Cross fund was substantially increased through the travelers' generous donations. The next meeting will be held at the home of Miss Kathleen Guenther one week from next Saturday, at 2 o'clock p. m., when all are invited. To help the good work along it is not necessary to be members, as many think, although the more members the better. As soon as the weather is permissible the Wausau ladies will come to Dancy and get the work organized here. The ladies plan on a series of entertainments during the winter to help out our boys who are in the trenches, shut out from the world.

## BUENA VISTA

Mrs. C. I. Eckels visited her daughter, Mrs. Robt. Peterson at Cary Corners, this week.

The Ladies' Aid will give a Halloween social at the M. E. parsonage this Wednesday evening, Oct. 31st.

M. E. church services for next Sun-

day, Nov. 4th: Preaching at Plover, 11:00 a. m.; Buena Vista at 7:30 p. m.; subject, "The Food Administration Program." Sunday school each place at 10:00 o'clock.

The second number of the lecture course will be the appearance of the Treble Clef Club on Saturday evening, Nov. 3rd. Miss Jesse Rae Taylor is the manager of the club. She is famous for her character portrayals. Her appearance as grand father is of exceptional merit. The program will be one of vocal quartets, solos, duets and trios, costumed readings, scenes from operas in costume, humorous sketches, etc.

Mrs. Geo. A. Tennant and children returned Saturday from a three weeks' visit at Ewart, Mich. Mrs. Tennant reports that there has not been so much frost there as here. Beans are a good crop but the untoward weather will make threshing there, a difficult matter. Apples, which are not found at all this year on some farms but are fairly good in others, were many of them still unpicked. Help is much harder to get than here. The schools did not close for potato digging, as formerly.

## KNOWLTON

Stannie Sevatosloski spent last Thursday at Stevens Point on business.

Mrs. Ella Bright has returned from a short visit with her son Will at Stevens Point.

Miss Louise Guenther is attending the teachers' convention being held at Milwaukee.

Mrs. Alois Stark and daughter, Miss Leona, were guests at the T. R. Malone home in Wausau Saturday.

Mrs. A. Knoodler and Miss Smith of Mosinee spent Sunday with the former's daughter, Mrs. W. Guenther.

A large number of ladies met at the A. Feit hall Saturday afternoon and made arrangements for the Red Cross Society to meet at the homes of its members once in each two weeks. It is hoped a deep interest will be taken and an abundance of good work accomplished. Mrs. C. B. Bird, Mrs. Wilson and Miss Frances Albers of Wausau were present at the meeting Saturday. Mrs. Bird explained the different forms of the work to the ladies and during the meeting a generous donation of cash was turned over to the treasurer through the effort of Mr. Feit. A series of entertainments are being planned for the winter. Mrs. G. G. Knoller of Dancy is chairman, Kathleen Guenther vice chairman, Mrs. A. Feit treasurer and Mrs. F. A. Wilcox secretary.

## RUDOLPH

Miss Anna Shrom spent the week end at her home at Junction City.

Many farmers are waiting for nice weather to finish digging their potatoes.

Miss Helen Dickson has gone to Phillips to teach school the remainder of the year.

Another car load of material arrived Tuesday to be used on the new bank building.

Mrs. Allie Hoover of Pittsville spent several days with her mother, Mrs. Evelyn Crotteau.

Mrs. Frances Rayome of Grand Rapids spent several days last week with old friends and neighbors here.

Little Wesley Ratelle, who was accidentally shot in the hand by his twin brother last week, is recovering from the accident nicely.

Rev. Wm. Redding of Grand Rapids delivered a lecture on his recent travels through Europe, Tuesday evening, at the Haumchild hall. This lecture was the second number of the lecture course.

Myron Rhienhart of Grand Rapids has accepted a position as bookkeeper at the local office of the Kellogg Lumber Co. He succeeds Theron Stalker, who held the position since last April.

Mr. Stalker and wife will depart for Oxford, their former home. Mr. and Mrs. Rhienhart are former residents of this village and will be welcomed back. They will occupy the residence owned by the lumber company.

The Farmers' Co-operative Buying association, which recently purchased the property of Dr. Jackson, is erecting a 40x60 warehouse, the piers being completed and are now awaiting the carpenters. Dr. Jackson and family have purchased a home at Mosinee and will move there in the near future. During their several years residence here the Dr. and family have made many friends, all of whom will miss them. We join in wishing them health and success in their new home.

The West Side card club met at the home of Mrs. Evelyn Crotteau Sunday evening. A large company attended.

## NORMAL MAKES IT FIVE

Local Teachers Victorious Over the Strong Chippewa Falls

Highs, 6 to 0

Playing straight football practically the entire game and rather indifferent football at times, the Stevens Point Normal football team added one more game to its string of victories last Saturday afternoon, when they defeated Chippewa Falls High school football team by a lone touchdown. The final score was 6 to 0 as Klug failed to kick goal.

Stevens Point lost the toss and kicked off to Chippewa, who immediately punted as they were held for downs. But the Normals lost the ball on their first try because of a fumble. A strong wind was blowing directly against the locals and this advantage gave the northerners the opportunity of keeping the ball away from their territory.

Upon change of goals in the second quarter the locals had a decided advantage upon their opponents. Using straight football tactics mixed with one or two successful forward passes the natives brought the ball into scoring distance. But due to the lack of knowledge as to time, the local team failed to score although the oval was within 3 yards of the goal line when the whistle blew.

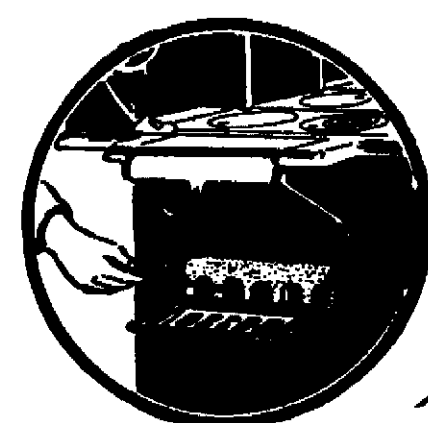

The third quarter was similar to the first, with Stevens Point more aggressive as the quarter progressed. With but ten minutes to play of the final quarter the teachers became desperate and as in the Stout game they marched steadily down the gridiron by line plunges and cross-bucks until the ball was five yards from the goal line. Here the Chippewa line took a brace and held the locals within a few inches from the coveted line. A line plunge by the quarter back put the ball on the goal line, but the score was not allowed by the referee. The next play was fumbled and the ball went to Chippewa. The latter attempted to punt from behind their goal line, but a high pass from the center to the punter made it possible for Hertz of the Normal team to break through and block the kick. Three local players immediately fell upon the ball. The locals were on their way to another touchdown when the final whistle blew.

Next Friday afternoon the team will go to Superior to contest with the Superior Normal. The trip will be made in a special sleeper, which will be sidetracked so that the players can retire at an early hour. The car will then be attached to No. 17 Friday morning.

## Uses Cat for Penwiper

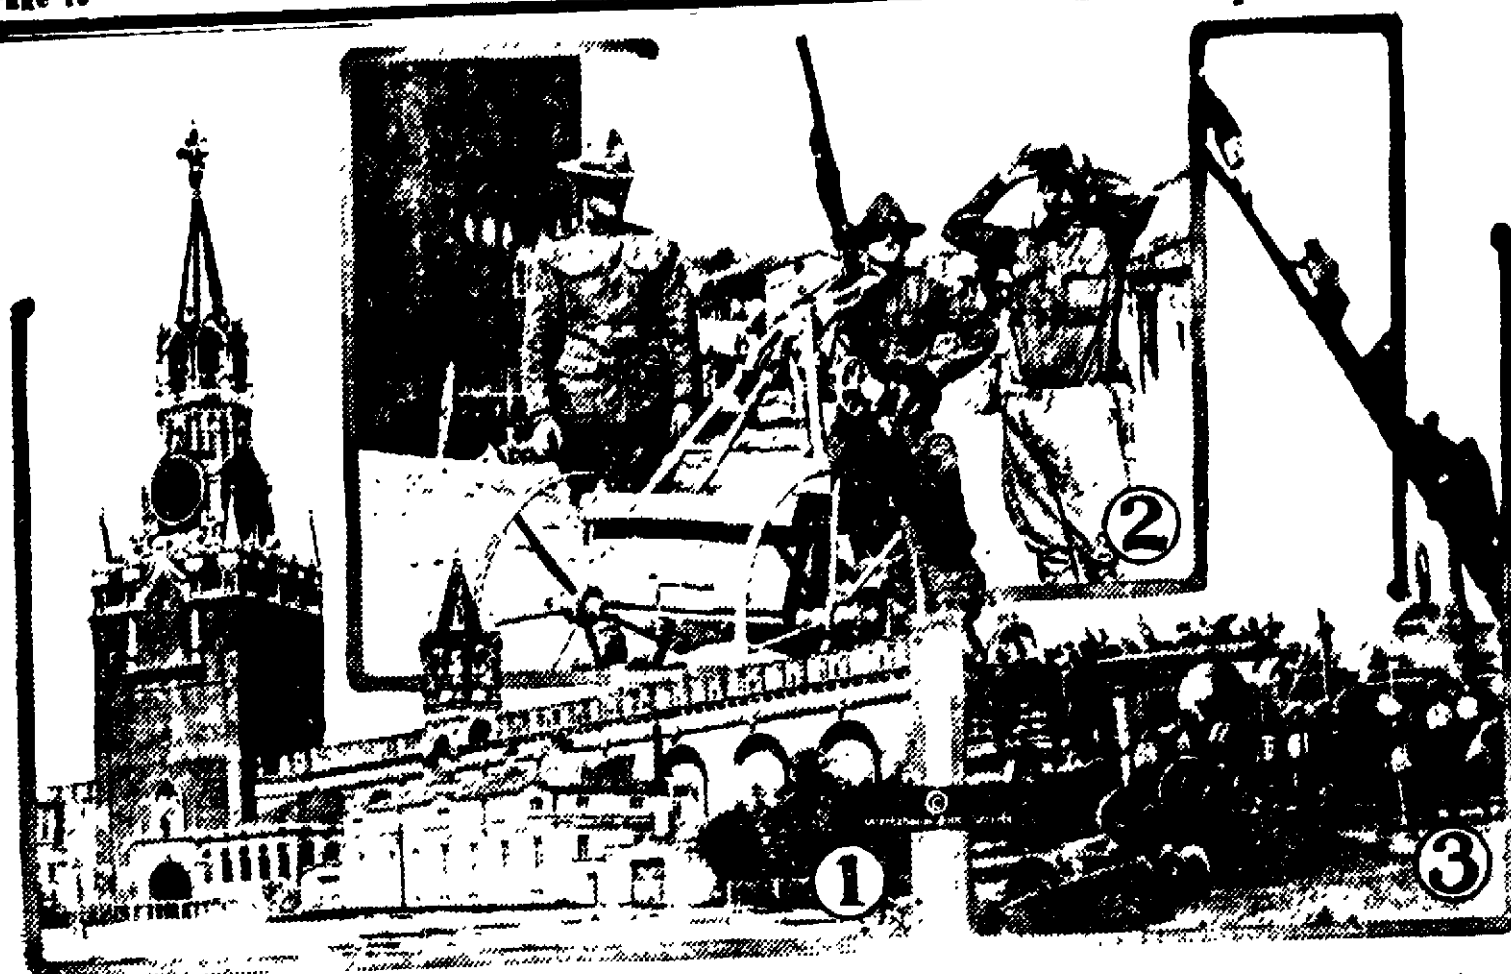

Visitor—What peculiar markings your cat has!

Wife of Author—Yes, when Egbert gets excited over his war articles he doesn't mind where he wipes his pen.

Do You Make the Fires?</

1—Holy Gate of the Kremlin in Moscow, the buildings which will be occupied by the Russian government when it moves from Petrograd. 2—American soldiers in France manning an anti-aircraft gun to fight German aviators who are beginning to trouble them. 3—This photograph taken on an American vessel carrying many Y. M. C. A. men to Europe, shows the necessary rigging to watch a submarine that had just been sighted.

## NEWS REVIEW OF THE PAST WEEK

**French Drive the Germans Back Toward Laon, Taking Many Prisoners and Guns.**

### SPLENDID WORK BY AVIATORS

**Austrians, Re-enforced by German Troops, Open Offensive Against Italians—Tauton Retreat in Riga Region—Liberty Loan a Success—Burleson Warns the Traitor Press.**

By EDWARD PICKARD.

The French army made last week one of the most important advances of the fall campaign on the front north-east of Soissons. After a furious barrage by the artillery, the troops rushed forward for a gain of more than two miles, and when they rested, they were in a position to enfilade the German lines all along the valley of the Ailette. Petain also now directly threatens Laon, the big railroad center that forms the southern extremity of the Hindenburg line, and can enfilade the crown prince's troops that still hold the northern edge of the plateau that parallels the Chemin des Dames. The German line running north to the forest of St. Gobain is in danger, and if this gives way, the enemy would have to give up his present front from Chavignon to St. Quentin.

In this operation the French captured Fort de la Malmaison and other strong positions and routed some of the finest troops in the German army, taking more than 8,000 prisoners and a great number of guns. The French aviators did especially good work during the battle, flying at a very low altitude and breaking up with their machine-gun fire several German attempts to counter-attack.

The first French smash was made on Tuesday, and again on Thursday Petain's forces struck hard, driving the Germans from Monkey mountain and other strong positions and advancing to within eight miles of Laon. The number of prisoners was increased to 12,000.

#### Another Advance in Flanders.

The British, in Flanders, with the French co-operating, pushed forward about a thousand yards on a front of a mile and a half on Monday, taking some important positions and getting astride the Ypres-Staden road. The Germans made desperate attempts to recover the ground, but succeeded in regaining only one farm at the edge of the Houtholst forest.

All week the allied aviators made destructive raids behind the German lines, dropping many tons of explosives on munition works, lines of communication and other military establishments.

#### Austro-German Drive on Italians.

Responding to Austria's call for help, the Kaiser sent large bodies of his troops to the scene of operations north of Trieste, and the combined forces of the central powers began a big offensive there on Wednesday. The Italians were expecting the move and declared themselves ready. Berlin admitted that the Italians on the first day gained only some advanced positions of A. P. lines near Fiume and Tolmino and in the northern part of the Isonzo, but claimed to have taken heavy losses. In the matter of the Isonzo, the Austrians hold a strong position. A British report from the Italian front says that the enemy is making no move, but that the political and military situation is much more serious. The Germans having the mistaken idea that the Italian people are tired of the war.

When came the German forces that are aiding the Austrians has not been revealed, though it is likely they are from the Riga sector of the Russian front. The Germans announced at the beginning of the week that they had retired for a considerable distance there without telling why.

Kerensky attacked in Russia. In other respects the week's developments in Russia were unsatisfactory.

Though the fleet succeeded in keeping the German sea forces out of the Gulf of Finland for the time being, the enemy completed the occupation of the islands at the mouth of the Gulf of Riga. The civil population of Reval, Kronstadt and in part of Helsingfors was removed, and the government proceeded with its plans of moving to Moscow. The worst of the news, however, was that the council of soldiers and workmen had adopted a resolution declaring the salvation of the country lay in the conclusion of peace as soon as possible and that all power must pass into its hands, and accusing Kerensky of openly favoring the Kaiser and seeking to give Petrograd into his hands. Furthermore, the council has given to its delegate to the coming conference of the allies in Paris instructions that cannot fail to be displeasing to the other allies. They cover the whole ground and would result in a peace in some respects more German than Germany itself dares to hope for.

Another source of anxiety to the allies, Great Britain especially, is Ireland. With the able assistance of German agents, the militant Sinn Feiners are becoming more defiant every day until now the whole west part of the island is said to be on the verge of open rebellion. Several of the conspirators have been arrested in the United States and others in Ireland. Germany loses Zeppelin fleet. Germany, ridiculously indignant at the promises of reprisals for her murderous air raids, threatened that "for every brick which falls from peaceful German homes whole rows of buildings will be overthrown in Paris." Then she sent a big fleet of Zeppelins over England, their bombs killing 34 persons. From there the monster airships sailed across to France to punish Paris. But the Frenchmen were awake and such an army of aviators and storm of anti-aircraft gunfire met the invaders that four of them were brought down and three others were partly disabled and fled. One of the Zeppelins was captured uninjured and as it is of the latest type it has been an interesting object of study. A mighty roar of exultant laughter rose from France when the result of the Kaiser's attempt to carry out his threat became known.

#### Preparing for Two Years More.

Although America's land forces have not yet begun to participate in the conflict, it becomes more apparent daily that we will take a commanding part in the war. Great Britain and France make it plain that they rely on the United States to clinch the victory, and Uncle Sam is girding up his loins for the mighty task. We are to be well represented in the coming conference in Paris, when it is probable there will be mapped out a more definite and cohesive plan of military operations than has yet been followed. Lloyd-George and other leaders assert that peace is not in sight because no terms have been suggested that all can accept, and the nations are laying their plans for at least two years more of warfare. It is understood, and admitted by captured German officers, that the morale of the German army is weakening and that the food situation in the central empires is bad, but those who know do not claim that Germany's fighting power is nearly exhausted. The political turmoil there continues, and there were unconfirmed reports last week that Michaelis had resigned the chancellery. But all that disturbance does not help the allies a great deal. The emperor returned to Berlin on Wednesday and began to deal with the political crisis. The first result was the taking of the portfolio of internal affairs from Vice-Chancellor Helfferich.

Secretary of War Baker intimates that the American troops may get into action in France very soon, that they will take part in the winter operations of the allies, and that they will be heavily re-enforced in the spring. He says they are in splendid physical condition and eager to fight. They and their commanders have made themselves well liked there and General Pershing made himself more popular than ever last week during the French advance north of the Aisne. Accompanying the French commander as an observer, "Black Jack" quietly insisted on being taken to the first German trench, and then on to the second line, and stood there under fire until he had seen all he wished to see. The success of the second Liberty loan is a source of great gratification.

tion to the government and to the entire nation. During the last week subscriptions came in with a rush, under the urging of thousands of patriotic workers, and even the Philippines, Panama and Cuba responded nobly. Wednesday, by national and state proclamation, was celebrated everywhere as Liberty day. Great parades were held in every city and smaller ones in every town and village, and in the army training camps the boys carried out special programs and handed in their dollars for the cause of freedom. In some places the people dealt in their own way with certain pro-German obstructers of the loan, but nothing was done to Mayor Bill Thompson of Chicago, who took no part whatever in the city's demonstration. His recent half-hearted conversion to open patriotism seems to have suffered a relapse.

#### Curbing the Traitor Press.

Postmaster General Burleson has made public his plans for enforcing the espionage law against seditious publications, and gives this outline of what he will consider unmailable printed matter:

Advocating or urging treason, insurrection, or forcible resistance to any law of the United States.

Conveying false reports or false statements intended to interfere with the operations or success of the military or naval forces of the United States, or to promote the success of its enemies.

Intended to cause insubordination, disloyalty, mutiny, or refusal of duty in the military or naval forces of the United States.

Intended to obstruct the recruiting or enlisting services of the United States, to the injury of the services of United States.

Matter the circulation of the publication of which involves the violation of any of the numerous other criminal provisions of the espionage act, but which are not of special interest to publishers.

Any matter printed in a foreign language containing any news item, editorial, or other printed matter respecting the government of the United States or of any nation engaged in the present war, its policies, internal relations, the state or conduct of war, or any matter relating thereto, unless the publisher or distributors thereof, on or before offering the same for mailing, or in any manner distributing it to the public, has filed with the postmaster at the place of publication, in the form of an affidavit, a true and complete translation of the entire article containing such matter proposed to be published.

#### Food Regulation in America.

The food administration last week began the daily publication of wholesale prices of prime commodities so that the housewives might know what the retailer should ask. But the consumers specially found out they could not buy at the suggested reasonable prices. The retailer said the wholesaler was to blame in that he was not coming down to the figures set by Mr. Hoover and his aids. The licensing of wholesalers goes into effect on November 1, however, and thereafter it will be easy to bring the bulky ones to terms. The National Association of Wholesale Grocers met in Chicago and pledged itself to the support of the administration regardless of a diminishing profit, so the outlook for the consumer is bright.

Throughout the country generally there is evidenced a desire to conform to the regulation for one wheel-less and one monthless day each week. The hotels and restaurants are being watched by the agents of the food administration, but obedience to the rule in the home must depend on the patriotism of the individual.

Relief from the sugar shortage is near, for the best sugar crop will come in soon, and also the authorities persuaded Southern producers to put on the market a great amount of cane sugar that was in storage. Now Mr. Hoover is turning his attention to fats, and urges that waste in these be eliminated.

The coal situation is beginning to straighten out and the men are going back to work, though supplies of the fuel are still very small.

President John P. White of the United States has resigned to become Fuel Administrator. George J. Hayes, who succeeded him, has no sympathy for shut-downs.

## TRIBUTE TO SOLDIERS

North Carolina Newspaper Exalts National Guardsmen Leaving Camp Greene

The National Guardsmen from states west of the Mississippi who have been in training at Camp Greene, near Charlotte, N. Carolina, constituting what is known as the Sunset Division, could receive no greater tribute as gentlemen and soldiers than was published in The Charlotte News of October 22.

The tribute was complex in character, embodying the views of scores of representative men of Charlotte as well as of the editor of the News. Stevens Point has one young man, Lieut. George Macnish, in the division, and for that reason, especially, the following extract from an article signed by the News editor will be of local interest:

"One has to fight off hyperbole when speaking of the great impression which has been made upon this community by these stalwart brethren of the other side of the continent. We have seen them under the changing moods of life. In the households of the people of Charlotte they have entered; around the hearthstones they have been seated; at the tables they have dined, and in all of the social precincts their invasion has been friendly and uplifting. They have appeared on the streets, in the stores, in front of the counters, before the money changers, in the presence of the clerks, and the magnificence of their young manhood has stood revealed in unimpaired splendor. They have marched in a compact body of 15,000 along the streets of the city, when martial music preceded their footfalls, and how majestic and presence there, how majestic and how unspeakably impressive, was told last Thursday by an awe-inspired silence more eloquent than any outburst of handclapping or volume of cheers."

Among the many other expressions was the following by a prominent business man of Charlotte:

"The high moral standard that has been established by the conduct of the men from the Northwest does not only leave behind a good example for us, but will make it doubly hard for us to part with them when the country finds it necessary to take them to other fields. They are gentlemen of high type, and in soldierly bearing and poise incomparable."

### EMPLOYEES BUY BONDS

A canvass made last Friday by C. A. Joerns among the employees of the two plants of the Joerns Manufacturing Co. resulted in Liberty Loan subscriptions being received from seven-tenths of the workers or approximately 50% of the force. The total amount subscribed was \$4,350, practically all of which was for \$50 bonds. Mr. Joerns explained the bond issue to them, pointing out that it offered a chance for a safe investment and a patriotic service, and is confident that had he started earlier he could have materially increased the subscriptions. The company will carry the bonds and permit the employees to pay for them on a semi-monthly payment basis.

### WINS STATE PRIZE

The Phillips Bee of recent date noted the winning of the state prize of \$10.00 by Miss Kathryn Heitzinger of Junction City, offered by the W. C. T. U. for the best essay on "Temperance Instruction in Rural Schools." This is the third prize that the young lady has won in this contest, first in the district, and finally first in the state.

The Phillips Bee goes on to say that "Miss Heitzinger of Junction City is a niece of Mrs. Martin Bieberstein of this city and attended the Price county Training School last year, at which time she won a first prize of \$2 offered by the local W. C. T. U. for the best temperance essay, her subject being 'The Best Method of Teaching the Nature and Effects of Narcotics (including alcohol) in the Grades.' " Phillips W. C. T. U. congratulates Miss Kathryn on the splendid record made in both the state and local essay contest work and sincerely hopes she may feel inspired to carry on the work of temperance education in Kenosha, where she will be employed as teacher in one of the schools this year."

### CHOIR BOYS PLEASE

Meritorious Lecture-Recital Given at Normal School Last Wednesday Evening

The Kaffir Choir Boys, five in number, more than pleased the large audience that listened to the lecture-recital last Wednesday in the auditorium at the Normal. Preceding the performance J. R. Piffner gave an address on the purchasing of Liberty Bonds. Mr. Balmer, of the entertainment company, also impressed upon the audience the direct need of buying the bonds.

The evening's entertainment was opened by a few introductory remarks relating to life in South Africa by Mr. Balmer. The Kaffir Boys came direct from that part of the country. The choir sang songs in three different languages, Kaffir, Hotentot and English.

Miss Elsie Clark, Mr. Balmer's assistant, helped to train the boys. She likewise told of her life in South Africa. She was born and educated in that country, and is a brilliant conversationalist as well as an accomplished pianist.

The boys rendered vocal solos and quartet numbers. The native garbs were worn by them and some valuable animal skins were shown. One youngster was a delight to the young people and caused much amusement during the progress of the program. The program was of such a varied nature that it could not fail to please the most critical.

# "ATTENTION!"

## "Right Dress!"

Copyright 1917 The House of Representatives

THESE are about the first two commands you learn in the army. We're issuing them here to call your attention to the new **Military Suits and Overcoats**—they're the "Right Dress" for Men and Young Men. Come in—we'd like to show them to you.

## Kuppenheimer and Michaels-Stern Clothes Are Here

"The Store That Satisfies"

**Shafton's**  
STEVENS POINT, WIS.

There are in the city of Buenos Aires, ninety-seven parks, promenades and plazas, with a total area of about 10,727,000 square meters (about 4,141,000 square feet).

# The Bank and the Mail Box

The coming of the rural mail delivery man was a good thing for the farmer. It allowed him to get his mail each day without the inconvenience of a trip to town.

This bank is as near as your mail box. By this we mean we can transact your business by mail.

If you do not already have a checking account with this bank start one this week. Then you can make deposits and withdrawals by mail.

Drop in next time you are in town and let us explain this plan to you.

## CITIZENS NATIONAL BANK

### MAKES GOOD THE LOSS

If the thief who made away with the Troop 1 mess fund collection bank from the Citizens National bank thought he was going to deprive the soldier boys of the funds the box contained, he was disappointed. Mrs. Rhoda Briker, 1018 Main street, on learning of the theft, immediately notified Miss Ellida Moe, who, with Miss Anna Park, is in charge of the collections, that she would make good the loss, which was estimated at \$2.

### NOTICE OF FINAL DETERMINATION

Notice is hereby given that a final determination as to the assessment of benefits accruing to each parcel of land by reason of improvement in the construction of a curb and gutter upon Union street between the north line of Normal avenue and the city limits has been made by the common council of the city of Stevens Point. Such final determination is on record in the office of the City Clerk.

## MUST OBEY THE LAWS GOING ABROAD SOON

Saloon Keepers of County, Outside City, Given Warning By District Attorney

Portage county saloon keepers who have been keeping their places of business open on Sunday are being given warning by District Attorney J. R. Pfiffner that they must live up to the law or suffer the consequences. Informal complaints from various sources have come to the district attorney's office, particularly regarding the violation of the Sunday closing law, and Mr. Pfiffner has decided to go after the lawbreakers if they do not live up to the state laws.

"I shall make it my business to prosecute every saloon keeper who fails to observe any of the excise laws of this state in any manner, and especially any saloon keeper who keeps his place of business open on Sunday," the district attorney says in his letter of warning. "Conditions have arisen among the saloon keepers throughout the county, created by their own acts and their failure to not only observe the law, but to observe the rules of decency, that make it necessary for me and for the sheriff to see that the Sunday closing law throughout the entire county is strictly enforced. However, on account of the fact that some saloon keepers might think, without justification, that a warning should be given, I am sending this letter to each saloon keeper in this county as a favor, and not as a right they are entitled to."

Mr. Pfiffner closes with the statement that there will be an arrest for every failure to observe the laws of which he has notice or upon which he is able to obtain information and evidence.

The letters were not sent to saloon keepers of Stevens Point, who have for several years observed the Sunday closing ordinance of the city. No complaints have been made against them.

### Unaccountable

"He declares that he despises, detests and abominates you," "That is very strange," replied J. Fuller Gloom. "I do not recollect ever having lent him any money."

## Paul F. Collins Completes Preliminary Training For Aviator at Illinois School

Paul F. Collins, son of Prof. and Mrs. J. V. Collins of Stevens Point, has just successfully completed the first phase of his training as an army aviator and expects to leave soon for France to finish up his training.

The young man, who was accepted for service in the aviation corps early last summer, but was compelled to wait for several weeks before being ordered to report, has undergone his "ground training" at Champaign, Ill. The government school there deals entirely with theoretical work and does not include actual flying. He was there for eight weeks, during which time he was instructed in wireless telegraphy, in the operation of the Lewis machine gun, and in the mechanism of the airplane, in addition to the technical questions connected with the service.

Private Collins—for that is the only designation applied to men of his status—came home Sunday morning for a brief visit. He left Monday afternoon on his return to Champaign where he is expected to remain only a day. The squadron of 40 men to which he belongs will very probably go at once to New York and from there to France at an early date.

The school at Champaign has about 300 students and is growing steadily. The men in training are paid \$100 a month, the same as that received by students at the officers' training camps. When they are expected to go to France they are expected to be made second lieutenants, with a raise of rank to first lieutenant when they pass their final flying tests.

In this connection it will interest Stevens Point friends to know that he is training for the aviation corps in Texas. Bowell formerly sold farm implements and was a frequent visitor to Stevens Point. He was a member of the local baseball team in 1915.

### NEW POSTAGE RATES

Beginning Friday, November 2, the increased rates, as provided in the legislation of congress, will go into effect. Beginning on that day all first class mail will be charged for at the rate of 3 cents an ounce or fraction thereof, and the old 2-cent rate abandoned. However, drop letters, by which is meant letters for delivery from the postoffice at which they are mailed, will be carried for the old rate. This includes letters for delivery on routes emanating from the office of mailing. The post card rate will also be raised from 1 cent to 2 cents.

### SALOON KEEPER IN COURT

Adam Vicker, a Stevens Point saloon keeper, was arrested last week on a warrant charging him with selling liquor to Ed. Majeski, a 17-year-old boy. He pleaded not guilty at his preliminary examination in Justice Park's court yesterday and was bound over to the circuit court. He was released under \$200 bail. Albert Retzki, arrested on the same charge, was discharged on motion of the district attorney after evidence tending to show he was not involved was presented.

### BUY LIBERTY BONDS HERE

The Wisconsin Valley Electric Co., although itself a bonded concern, got behind the government in the second Liberty Loan. The company purchased \$4,000 worth of the bonds in this city, giving Stevens Point credit for that amount.

### LOCAL NEWS

Miss Agnes Tufts, 232 St. Louis avenue, spent the latter part of the week in Oshkosh.

Mrs. I. O. Huff has gone to Stanley for a few weeks' visit. She will also go to Chippewa Falls before her return.

Robert Urbahn, who is pursuing a pre-medical course at the University of Minnesota, Minneapolis, was home over Sunday.

Miss Frances Michaels has returned to Milwaukee after spending a few weeks with her mother, Mrs. Frank Michaels, in this city.

Mrs. F. B. Richmond, 222 Dixon street, left Saturday for Marshfield. She was accompanied by her niece, Miss Beulah Killinger.

Miss Cecily Dineen, Mrs. C. Whitaker, Mrs. J. Bourcier and Mrs. Henry Leary and daughter of South Arnot spent Saturday in this city.

Miss Leila Chandler will leave in the near future for Monominee, Mich., where she will spend the winter with her sister, Mrs. William Holmes.

Mrs. Francis Konopacky, who attended the marriage of her son Peter Konopacky in this city Monday, returned to Ashland Tuesday morning.

Mrs. Margaret May and son, Edward, were here from Watertown for a week end visit at the home of Mr. and Mrs. Jeff. Berry, 709 Strongs avenue.

Mr. and Mrs. L. W. Jones, who had been making this city their home, departed for Milwaukee Saturday, where they will make their future residence.

Mrs. L. C. Sitzer, who had been visiting at the home of Mrs. M. D. Sitzer, Fremont street, for a couple of weeks, has returned to her home in Cass Lake, Minn.

Mrs. Ed. Krembs and children, Mary Louise and Edward, left Monday morning for Chillicothe, Ill., where they will spend the winter with Mrs. Krembs's sister.

Mrs. H. Bemis, who spent the latter part of the week with her daughter, Verna Bemis, who is a student at the Normal school, left Saturday for her home at Waupaca.

Mrs. John Meeks left Sunday for Rochester, Minn., where Mr. Meeks has been undergoing hospital treatment. Mr. and Mrs. Meeks expect to spend the winter in the south.

Mrs. A. Kruche of Osceola, has gone to Montello to spend a few days. She spent the last week with her sister, Mrs. A. L. Peickert, and mother, Mrs. W. Heiman, at 215 Prairie street.

B. W. Gee returned to Madison on Tuesday morning's train after a short visit at his home here. He expects to remain in the capitol city another two weeks on government business.

Theresa Janiska of Nekoosa, who had been visiting with Mrs. Mary Janiska for the past week, left Saturday morning for Minneapolis, where she will enroll in a high school.

Mrs. Wm. Packard of Constance, Minn., arrived in the city last Thursday and is a guest at the home of her husband's brother, Chas. Packard on Water street, to remain a couple of weeks.

John F. Sims is attending a conference of Normal school presidents at Whitewater today and will spend the balance of the week in Milwaukee attending the state teachers' meeting.

Mr. and Mrs. John Lewinski and two children departed for Winona, Minnesota, to spend a few weeks at his sister's home. Mr. Lewinski is a foreman at the Automatic Cradle Co.'s plant.

Miss Louise Southwick left for Minneapolis on the belated Soo train yesterday noon to visit a few days with her sister, Miss Margaret Southwick, who teaches English in the Central High school.

Mrs. Matt Ryan, who spent a few days last week in this city, the guest of Mrs. W. J. Clifford, left the latter part of the week for North Fond du Lac, where she will visit her mother, Mrs. E. G. Scott.

Mrs. George Krembs and Mrs. George Schaefer, guests of Mrs. J. E. Plattner at 1111 South Division street for the past week, departed for their home in Wausau, Minnesota, the latter part of the week.

Rocky, who drove from Hilbert to attend the latter part of the Stevens Point Normal and High school, returned to Appleton on the following day.

Mrs. C. C. Russell of Milwaukee, gave a demonstration at the Wisconsin State fair last September.

Miss Cosa Week has returned to New York to resume her art work.

Willie Langenberg of Milwaukee visited at the home of his mother, Mrs. W. E. Langenberg, here Saturday and Sunday.

The Misses Gertrude and Georgia Stockley were home from Wausau for the week end. Both teach in the Wausau public schools.

Mrs. Charles P. Morris and children of Washburn arrived in the city the last of the week for a visit at the home of her parents, Mr. and Mrs. N. Gross.

Miss Mary Zinnel, who attended the marriage of Miss Margaret Karner and Peter Konopacky, returned to her home at Fond du Lac Tuesday morning.

Miss Laura Raymond of Arnott spent several hours in Stevens Point Saturday, while enroute to Auburn, where she visited with Mrs. H. M. Blumenstein over Sunday.

Mrs. George Horton, who had been visiting at the home of Mrs. A. E. Bourn, left Tuesday morning for Waupaca to spend a few days. Her home is at Wibaux, Montana.

Mr. and Mrs. O. H. Joseph have returned to their home at Fond du Lac after spending the earlier part of the week at the home of his mother, Mrs. Augusta Joseph, 507 Brawley street.

A. E. Dafee, the well known real estate man, formerly of this city and Eau Claire, but now of Evanston, Ill., was a business visitor to Stevens Point and vicinity for several days prior to today.

Mrs. Mary E. Coon, who had been visiting at the home of her daughter, Mrs. W. B. Angelo, returned to her home at Plainfield last week. Before coming here she visited at Rhineland and Ladysmith.

Miss Anna Hinckley of Milwaukee, who had been spending a few weeks with her sister, Mrs. George B. Atwell, at 1116 Clark street, departed Saturday for St. Paul to spend a week or two in the Twin Cities.

The Milwaukee Athletic club is holding a three-day drive for new members this week. Tom E. Dever, a former Stevens Point and whose wife was Miss Katherine Langenberg, is a member of one of the 61 teams.

Henry Koltz of Arnott visited last Wednesday at Camp Grant, Rockford, Ill., with his brother, John M., who is a machinist in Co. K 341st infantry. He met most of the Portage county boys and found them all happy and well pleased with army life.

Mrs. Mary Bahner, who has been the guest of Mrs. Henry Bergholte for the past two weeks, departed for Minneapolis Tuesday and on the following day left for Seattle, Washington, where she will spend the winter with her son, Kellogg Bahner.

W. F. Lusk, a former member of the Normal faculty and later city superintendent at New Richmond, was in Stevens Point last Friday evening for a short visit with local friends.

Mr. Lusk, who is now a member of the faculty of Cornell University, Ithaca, N. Y., was enroute to St. Paul.

P. W. Holte, who now makes his headquarters in Chicago, where he is engaged in the real estate business, looked after interests here and in this vicinity the first of the week. Mr. Holte owns or is agent for a large amount of Portage county property and has already disposed of several farms to Illinois people.

Wausau Record Herald: Mrs. Jennie Knutson, who has been visiting her son at Stevens Point, arrived here Monday evening for a short visit with old friends. She will be a guest at the home of Mr. and Mrs. E. W. Shatto. Mrs. Knutson was a former resident of Wausau when her husband was pastor of the First Presbyterian church.

MAKING TRENCH CANDLES

A new "war movement" has been started in Stevens Point, the object of which is to make trench candles for soldiers of the United States and the allies. The candles are made from newspapers, which are rolled tightly in a certain way, bound with mullage and boiled for several minutes in paraffine. They are of great value to soldiers in active service, furnishing both illumination and heat. They are low burning and their flame is sufficiently hot to be used for cooking a hasty meal or heating water.

Mrs. J. W. Duneagan has been demonstrating the method used in making the candles, having appeared for this purpose at both the Normal and High school. Her sister, Mrs. C. C. Russell of Milwaukee, gave a demonstration at the Wisconsin State fair last September.

DO YOU MEAN TO TELL ME THAT IS THE OLD GENUINE GRAVELY TOBACCO?

YES, AND IT'S HELD ITS REPUTATION FOR 85 YEARS

MCKINLEY, CENTURY, SAFOX and other Publications can all be supplied on short notice. GIVE US A TRIAL. Our sheet music department is growing more popular each day. Why shouldn't it?

### WE AIM TO SERVE

In price selections and promptness. LET SCHUWEILER SERVE YOU!

Strings for Violins, Banjo, Mandolin, Guitar, etc., from SCHUWEILER. A large line of other Musical Instruments, PARTS and SUPPLIES constantly kept in stock, and we will increase this stock gradually in the future.

## FACE SERIOUS CHARGE

Warrant Issued for Arrest of Town of Plover Men After Auto Strikes Buggy

As a result of a collision between an automobile and a buggy, in which Dewey Coan, 1219 S. Michigan avenue, narrowly escaped serious injuries, a warrant has been issued for the arrest of William Woloszek and son, Barney, of the town of Plover.

The warrant charges them with reckless driving of an automobile while intoxicated and failure to stop and render assistance after the accident. The latter charge is the more serious, being punishable by a fine not exceeding \$1,000 or by imprisonment for not more than two years in the state penitentiary.

The accident occurred about 6 o'clock last Friday evening, while Coan was on his way from his home to the Soo line passenger station, where he was to meet his father, Thomas J. Coan, Sr., a member of the police force, whom he intended to take home.

As he came north on S. Church street a short distance south of the Soo line crossing, he noticed an automobile coming across the vacant lots adjacent to the Soo line ice house, toward the crossing, and another coming from the north on Church street. In order to avoid a mix-up on the road he drove the horse entirely off the road, to the right.

The car from the north bore down on the rig at a lively rate and seemed to be under only partial control. It was making a zig-zag course, it is alleged, and darted over to where Coan's buggy stood. The machine caught a wheel of the buggy with great force, and Coan was thrown out, alighting between the auto and rig. The harness, with the exception of the bridle, was ripped completely off the horse.

Fortunately Coan was not seriously injured and was able to walk to his home. However, that evening he became quite sick, and a doctor attended him. He resumed his work as brakeman on the Soo line Tuesday morning.

The horse was but slightly injured, but the buggy was almost a total wreck. A blanket and the cushion seat of the buggy were missing after the accident and it is believed they were thrown into the car when the crash came and disappeared with the machine.

Bystanders said they recognized the occupants of the car as the Woloszek. The engine of the automobile was "killed" in the collision, but one of the men got out, hastily cranked it, and then drove off.

It is also alleged that the automobile had no lights burning.

### RAPIDS HELD TO TIE

Local High School Holds Much Touted Rivals to a Scoreless Tie

On a field of mud, with the red and black waving in the breeze on one side of the field and the red and white on the other side, the Stevens Point High school held their old rivals, Grand Rapids, to a scoreless tie last Friday afternoon at the local fair grounds.

Straight football was played by both teams, the inclemency of the weather prohibiting the use of any great amount of open work.

A strong wind blew from the west which gave an early advantage to Grand Rapids as they won the toss and the right to defend the west goal. Despite this handicap the local team fought on even terms with the downriver men. It was not until the second quarter was well under way that Grand Rapids were able to penetrate the Pointer's defense. During this period the Grand Rapids aggregation threatened to score several times, but at every crisis the line of the locals was able to throw or hold the opposing backs for a loss. The inability to get the ball off from punt formation nearly cost the local High school the game.

Evidently some one put some "pep" into the red and the black between halves for they came back so strong in the second half that they threatened to score. The opportunity came in the last quarter, with the aid of the wind in their kicking. A fifteen yard penalty placed the ball on their opponent's 12 yard line. Here they were thrown for a loss, poor generalship being the cause. Had the locals opened up with open work, especially with forward passes, Stevens Point might have been victorious. Neither team threatened to score after this sport.

### ROTTEN EGGS COSTLY

A farmer from the town of Eau Claire found a customer for three dozen eggs on the public square in this city last Thursday. George H. Eisenberger, deputy state food commissioner, happened along, carted the eggs, and found several rotten ones among them. The rotten eggs cost the farmer \$29.71 in county court.

### WANT SIGNAL MEN

The government is looking for recruits for the signal service, especially for men to engage in observation work in captive balloons over the battlefield. This is a most fascinating field and gives a good opportunity for young Americans wishing to serve their country in a capacity that will furnish plenty of exciting moments. Men of the calibre of officers, between the ages of 25 and 35, are wanted. The lowest rank is first lieutenant, with pay of \$2,000 a year and 50% extra when in active service. Those who are successful in passing the examinations for commissions will be sent immediately to France and put into action at once. A. L. Smorgesi, local chairman of the Military Training Camps association, has application blanks and detailed information regarding this branch of the service.

## MILLADORE MAN DIES

Peter Buckolt, aged 78 years, died at the home of his son-in-law, Jos. Bernardi, near Milladore, at midnight last Monday. He had been ailing with kidney trouble for a long time but was confined to his bed only a few days. Funeral services will be held from St. Wencelous church, Milladore, at 10 o'clock Friday morning.

### KENDALL IS TRANSFERRED

Chaplain in Army. Former Plover Minister. Assigned to New Post At Seattle

Rev. John T. Kendall, former pastor in the Plover-Buena Vista M. E. circuit in this county and who gave an address at the court house in this city on September 21, when National Army day was celebrated, has been transferred to a new post as chaplain in the army. The first paragraph of the following dispatch from Waco, Texas, under date of October 28 tells of his leave-taking:

Before an audience of virtually every Wisconsin soldier at Camp MacArthur today, Capt. John T. Kendall, chaplain of the One Hundred and Twenty-seventh regiment, bade them farewell and will proceed to Seattle, Wash., to become chaplain of the Forty-fourth regulars. Capt. Gustav Stearn will succeed him here.

L. S. Durrell of San Antonio has been chosen camp secretary for the Knights of Columbus and will take charge tomorrow. Their main hall is commodious and cost \$8,000. Over 10,000 of the soldiers are Catholics. Three additional buildings are to be constructed at once. All soldiers are welcome, just as they are at the Y. M. C. A. huts.

Selected men arrive daily in lots of 600. They are being distributed to national guard units with the announcement that they will be the first selected men to go to France.

### PAID HEAVY FINES

Charges of violation of the excise law came thick and fast against Martin Wanta and John Kovaleski, saloon keepers of the town of Sharon. Wanta was charged by Carl Halverson of Alban with selling liquor to minors and to his son, Alvin Halverson, a posted man. Kovaleski was charged with the same offense by the same person, and it was also alleged he kept his saloon open on Sunday, Oct. 21, and allowed minors and posted persons in his place that day. The defendants pleaded guilty in Justice Park's court Monday and were assessed the minimum fine for each offense. The fine and costs paid by Wanta totaled \$25.45 and by Kovaleski \$30.60.

### PUBLIC LIBRARY NOTES

FOUND—A sum of money, in a book or magazine, returned to the library Saturday afternoon, Oct. 20. The owner may have same by stating the amount. If not called for, the money will be turned over to the Red Cross fund.

The Library wishes to mention that its share in advertising the second liberty loan was carried out by inserting in the books circulated about a thousand slips sent out from Washington by the Woman's Liberty Loan committee.

Several replacements and the following list of titles have been added to the girls' and boys' room:

Teller—First Book in Business Methods (presented by Pres. John F. Sims).

Wier—Songs the Children Love to Sing.

Jacobs—Blue Bonnet Keeps House. Fisher—Understood Betsy.

### ESTEEMED LADY DIES

Mrs. J. N. Prausa of Eau Claire Passes Away at Green Bay—Funeral at Milladore

Mrs. Joseph N. Prausa, one of the best known residents of Eau Claire township and a lady who was highly regarded by the entire community, passed from earthly scenes last Saturday and her remains were laid to rest in the Milladore Catholic cemetery Tuesday morning. Funeral services were held at the Milladore church at 10:30 o'clock.

Mrs. Prausa's death occurred at St. Vincent's hospital, Green Bay, where she had been a patient since Oct. 9th, when she underwent an operation for goitre. Pneumonia and the forming of an abscess on her right lung hastened her demise.

Catherine Ann Farrell was a native of Holland township, Brown county, where she was born Feb. 27, 1883. The family moved to Eau Claire in 1902 and Catherine was married on Feb. 7th of that year to Jos. N. Prausa. They had since lived on the Prausa farm, one of the best in that township.

Besides her grief stricken husband, the deceased lady leaves three brothers and five sisters, John and Willard Farrell of Eau Claire, Frank Farrell of Missoula, Mont., Loretta and Clara of Eau Claire, Mrs. Neil Quatroze of West De Pere, Mrs. Frank Lask of Highland Park, Ill., and Mrs. Wm. Boder of Waukegan, Ill.

Among the relatives and friends who came from a distance to attend the funeral were Mrs. Boder and Mrs. Quatroze, Mr. and Mrs. John Beranek, Mrs. Vincent Kurz and Miss Agnes Prausa of Ladysmith, T. N. Roidt and Miss Lillian Roidt of Montello, James Farrell of Holland, Sophie and Martha Prausa of Minneapolis.

### SHIP EARLY

A campaign for the early shipment of Christmas packages has been inaugurated by the northwest committee on car service of the Railroad's War Board. Co-operation is urged of both shippers and merchants in aiding the work as a measure to relieve the box car equipments for hauling the government's war supplies. Each railroad is to do everything possible to promote early shipments of Christmas packages, whether by mail, express or freight, according to G. W. Murnane, secretary.

## NORMAL SCHOOL NEWS

Notes of Interest Gathered by The Gazette's Special Reporter

Sophia Waldo, who attends the Normal, spent the week end at her home at Custer.

Mrs. John F. Sims entertained a knitting club Monday night. Light refreshments were served during the evening.

Nellie Gleason, who was graduated last June and who now teaches at Granton, spent the week end at her mother's home in Stevens Point.

Lvlas Kluz will spend the week end at his home in Merrill with his parents, Mr. and Mrs. H. J. Kluz, who will celebrate their silver wedding.

Frank Wood, a former student at the Normal, spent Saturday in this city. Mr. Wood is at present situated at Granton.

The primary course elected the following officers for the year: President, Margaret Fulton; vice president, Katherine Riley; secretary, Zeldia Means.

The Glee club has arranged to give a dance in the gymnasium for the public on Nov. 9, on the evening following the River Falls-Stevens Point Normal football game.

Thomas King was elected as president of the oratorical association last Thursday morning after a spirited election. The primary election resulted in Paul Paulson, Thomas King and Otto Bacher being nominated on the preceding day.

Leslie Hogan and Winthrop Reynolds witnessed the Grand Rapids-Stevens Point High school football game last Friday. The two young men were stars on the Normal football team of last year.

A number of students witnessed the football game at Chippewa Falls last Saturday afternoon. Carlson, Hubbard, Peterson, Lambert, Christianson, Moffitt and Demyck were among those who were present.

Miss Esther Kelly and Miss Mary Bronson left during the earlier part of the week for Madison to attend a meeting devoted to the student friendship war fund for prison relief work in Europe. Miss Kelly represents the student body while Miss Bronson represents the faculty of the Normal.

C. W. Otto, former superintendent of the Marshfield public schools, addressed the methods in history class last Monday morning. He lectured on recreation work outside of the army training camps. He is working for the interests of securing better recreations for the soldiers and he is at present trying to help raise a fund of \$4,000,000. On the same day Otto left for Waupaca, but returned later in the day to address an audience at the public library. While in this city he was the guest of Prof. M. M. Ames.

### SELL EMPLOYEES BONDS

The Worzalla Publishing Co. last week made an offer to their employees to sell them Liberty Bonds on the installment plan. Twenty-three took advantage of the offer, their subscriptions aggregating \$1,500. The Krems Hardware Co. made a similar offer and eight of their employees accepted, taking \$500 worth of bonds.

### SOO SALES LARGE

Soo line employees on the northern district of the Chicago division, exclusive of those in the shops at Shoreham, subscribed for \$61,950 worth of Liberty Bonds. There were 893 subscribers. The campaign closed last Wednesday. Local railroad officials have not yet received notice as to which division won the silk flag hung up as a prize by the railroad company for the division with the largest percentage of subscribers.

### RECORD BREAKING TRAFFIC

With an increase in locomotives of only 1.3 per cent and in box cars of only 2.3 per cent, the railroads of the country handled 20.2 per cent more freight traffic last July than during the same period a year ago, and 48 per cent more than in July, 1915. Shippers and receivers of freight are credited much help in the accomplishment. The railroad war board declares that, without their co-operation in loading and unloading freight promptly and heavily, the above results could not have been possible.

### ROOM FOR MORE

Classes at Vocational School Still Open For Enrollment—Learn Telegraphy

The Vocational school evening classes are still open for enrollment and are steadily growing. So far practically all of the students are younger persons, but the Vocational board is hoping that some of the older people will take up studies. The course offers a fine opportunity for educational improvement, and the board and the director, G. J. Ehart, are anxious to have it serve the greatest possible number in the most practical manner.

There are now 21 students in the telegraphy class, which is in charge of George C. Stockley. The government is urging that men of draft age take up this interesting work, in order that there may be more eligibles for the signal corps of the army.

A shorthand course, which is being given by the school at the business college, is designed especially for stenographers who desire to increase their speed. Ten students are now enrolled in the class. Twenty students are taking up work in the regular shorthand class and 28 in the typewriting class. Only nine are taking bookkeeping, which is offered for both beginners and advanced students, and more are wanted.

Students in the shop course in dressmaking are making good progress and more enrollments are desired. The aim of this course is to turn out practical dressmakers after the six months' course is over.

The general course, offering arithmetic, writing, language and spelling, meets Monday and Wednesday evenings and there is room for more in the class.

## ACROSS THE CONTINENT

Washington National Guardsmen Go Through Stevens Point on Five Special Trains

Five special trains, carrying 49 officers and 1,813 men, comprising the Second Infantry Regiment of the Washington National Guard, passed through Stevens Point Tuesday morning.

Col. William Inglis of Seattle, in command, was on the first train, which arrived here at 1:40 o'clock. This train was the largest, consisting of twenty cars, of which eight were box cars, five stock cars and one a flat car. Each train had one or two baggage cars, used as kitchens. The other equipment consisted of tourist cars and sleepers. The second train reached this city at 3, the third at 5:30, the fourth at 8:54 and the fifth at 11:15. The men on the last train detrained here and took a limbering-up hike in the vicinity of the depot. They were all in uniform, many of them with overcoats, and were a fine appearing body of men. As one of those who witnessed their arrival said, "That bunch can lick the kaiser all right."

The regiment had been in training at American Lake, Wash., and left there on Oct. 25. After each 36-hour run the trains are held for five or six hours to rest and to feed the horses, which were carried on the first train. The regiment goes to Mincola, Long Island, and will probably be in France before the first of the year.

### HERE'S WHAT YOU WANT

If you are going to economize this year and cut out the usual Christmas expenditures, you will at least wish to feel and show the Christmas spirit and send your friends greetings. The Gazette carries several lines of sample seasons' greeting cards, folders, etc., and we shall be pleased to show them to you. Get your orders in early and then there will be no disappointments.

More than 90 per cent of the alcohol and alcoholic drinks that are made in the Philippines are derived from the sap of palm trees.

(1st pub. Oct. 3—ins. 7)

STATE OF WISCONSIN—In Circuit Court—Portage County. Adolph Green, Plaintiff, vs. Wincenty Wojcicki and Sophia Siuszko, Defendants.

By virtue of the judgment of foreclosure made in the above entitled action on the 27th day of September, 1916, the undersigned sheriff of Portage County, State of Wisconsin, will sell at the west front door of the Court House in the city of Stevens Point, Portage County, Wisconsin, on the 19th day of November, 1917, at one o'clock in the afternoon of that day, the real estate and mortgaged premises directed by said judgment to be sold, and therein described as follows:

The Northwest Quarter (NW¼) of the Northeast Quarter (NE¼) and the North Half (N½) of the Southeast Quarter (SE¼) of the Northwest Quarter (NW¼) of Section one (1) Township twenty-four (24) North of Range eight (8) East; containing sixty (60) acres more or less according to the government survey.

Terms of sale, cash. Dated September 28th, A. D., 1917. John F. Kubisiak, Sheriff. Fisher & Cashin, Plaintiff's Attorneys.

## LOUIS A. ROUSSEAU

Prominent Wisconsin Lumberman, Member of Early-day Portage County Family, Is Dead

Scores of friends of Louis A. Rousseau, son of an early day Portage county sheriff and a prominent Wisconsin lumberman, will learn with regret of his death, which occurred at his home in Rib Lake on Oct. 19.

Mr. Rousseau was born in the town of Stockton, but grew to manhood in Stevens Point. His father, M. A. Rousseau, came to this country in the early fifties and followed the farming industry for a time in Plover and Stockton. The family moved to Stevens Point in 1860, when the elder Mr. Rousseau was elected sheriff. Later he conducted, from 1869 to 1878, what was known as the Brown sawmill on the Big Plover river, at Plover Hills. He was elected sheriff again in the following year.

Louis Rousseau cultivated a large acquaintance in this vicinity and, since leaving here about a quarter of a century ago, had been steadily engaged in the lumber business. His wife, who was a Grand Rapids lady, and a number of children survive. A brother Orville went to South Africa and made a fortune in lumber, and two brothers,

Albert and George Franklin, are believed to be somewhere in the southwest. Mr. Rousseau also had a sister, Mrs. James E. Leary, of Libby, Mont.

The Mississippi Valley Lumberman of October 26 contained the following account of Mr. Rousseau's death:

"Louis A. Rousseau, up to recently traveling salesman for the Rib Lake Lumber Company, Rib Lake, Wis., died Friday night of last week at his home at that place. He was past sixty years of age at the time of his death, and had been engaged in the lumber business in the state practically all of his business life. For about ten years he was engaged in the manufacturing business, in partnership with Frank Shepard, of Minneapolis, the firm being known as Rousseau & Shepard. When this firm sold their plant, he became associated with the Rib Lake Lumber Company and continued in that connection until comparatively recent date. He was perhaps one of the most widely known lumbermen in the state, and his death is mourned by many friends in and out of the state."

Cold boiled rice and cornmeal can be made into eatable cakes by adding salt, a little flour, two eggs, some sweet milk and baking powder. Fry on a hot, greasy griddle.

## Concord Grapes

Are the lowest in price this week they have been this season, and undoubtedly as low as they will be.

We have just received a large shipment, and we urge you to get them now for preserving.

Buy while the price is down.

## The City Fruit Exchange
